42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse? Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	13
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
46. Enter the total number of interviews conducted with youthful inmates or youthful/juvenile detainees using the "Youthful Inmates" protocol:	2

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	The Auditor did not choose this targeted category of inmates.

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

71. Did you have access to all areas of the facility?

☒ Yes

☐ No

Was the site review an active, inquiring process that included the following:

72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

☒ Yes

☐ No

73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

☒ Yes

☐ No

74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

☒ Yes

☐ No

75. Informal conversations with staff during the site review (encouraged, not required)?

☒ Yes

☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	No text provided.
---	-------------------

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	No text provided.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

Through five informal and 26 formal interviews with inmates, 23 staff interviews, review of inmate, personnel, contractor and volunteer files, review of facility and agency protocols and a facility tour, it is evident that this facility interweaves requirements of PREA in their daily protocols. Inmates, staff, volunteers and contractors interviewed could speak to facility PREA practices and protocols being used as is described in the agency's Sexual Assault/Abuse Policy. Both the PREA Coordinator and the PREA Compliance Manager could attest to having the necessary time to complete their PREA responsibilities.

The interview with the Captain / PREA Coordinator demonstrated oversight of PREA Compliance Managers is conducted through informational emails, scheduled meetings, informational memorandums, FAQ updates, mock audits and onsite visits from PREA and Regional personnel.

Interviews with inmates resulted in the following unsolicited comments about the facility and facility staff.

- 21 of 23 formal interviews with inmates stated they felt safe in the facility. Of the two inmates who did state they felt safe were from the mental health unit and their reasons were issues that happened in their sleep and neither had an absolute fact to explain their fears.
- Definitely feel supported by staff.
- I work visits and am scanned a lot and my boss is always respectful.
- Transgender inmate stated, staff are very good to me, if I have issues the Unit Manager is good to work with.
- PREA is a big deal here, they follow up thoroughly even when I talk to myself, they investigated what they heard me say.
- I very much understand PREA, they did an introduction on sexual safety in D&E.
- They make sure they announce when coming into our rooms and we are told to stay covered up at all times.

Interviews with staff resulted in the following unsolicited comments about the facility and facility staff.

- If Male staff see an inmate in a state of undress they will turn away and give them time to dress.
- We have daily discussions on PREA
- Medical staff stated they have good communication with security staff.

Site Observation:

During the tour of the facility, yellow audit notices, Report Sexual Abuse and PREA postings were observed in all areas of the facility to include administrative hallways, living units, library/classroom building, maintenance and the visitation area.

(a) The Nebraska Correctional Center for Women PAQ states the agency Safe Prisons/PREA Plan mandates zero-tolerance toward all forms of sexual abuse and sexual harassment in the facility it operates and those directly under contract.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 5, section 1. A. 1., states, "NDCS will seek to enhance the prevention of prison sexual abuse/assault and sexual harassment by maintaining a zero-tolerance standard for all sexual assault/abuse and sexual harassment on and by inmates. Protecting inmates and safeguarding communities of prison sexual assault/abuse and sexual harassment is a top priority."

(b) The Nebraska Correctional Center for Women PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. The position of the PREA Coordinator in the agency's organizational structure is the PREA Captain.

The facility provided a Nebraska Department of Correctional Services Organizational Chart. The organization chart demonstrates the PREA Captain is in the agency organizational structure and reports directly to the Assistant Deputy Director Intelligence & Investigations who reports directly to the agency Director.

(c) The Nebraska Correctional Center for Women PAQ states the facility has designated a PREA Compliance Manager. The PREA Compliance Manager has

Nebraska Correctional Center for Women Shift Supervisor Report

Interviews:

1. Sergeant
2. Captain / PREA Coordinator
3. Warden

The interview with the Sergeant demonstrated he completes daily random rounds for every area of the facility. The Sergeant stated he documents rounds completed in red ink in logbooks in each area of the facility as 'area checks', enters the time of the round and his initials.

The interview with the PREA Coordinator demonstrated she meets with each Warden and PREA Compliance Manager annually in February to review and complete facility annual Staffing Assignment and Video Monitoring Plans.

The interview with the Warden demonstrated she is aware of the Staffing Assignment and Video Monitoring Plan and evaluates each area of the plan with her administrative team and works closely with the PREA Coordinator who is consistent in updating the plan with the facility at least annually or when modifications are warranted.

Site Observation:

- Multiple supervisory unannounced rounds were observed in logbooks throughout the facility. Rounds are noted at different times on each shift, documented in red ink with signatures from administrators, Sergeants, Lieutenants, Captains, PREA Compliance Manager, and PREA Coordinator. Logbooks were reviewed and observed to have unannounced round documentation by supervisor staff for many months in some facility buildings, years.
- The Porter working in Mental Health can work for about an hour in the morning or afternoon; however, times were not documented of when entering or exiting the area for accountability purposes.
- Windows in the BIPU rooms C119 and C120 have large windows allowing for minimal privacy while toileting.
- Of the following, all are noted on the facility camera wish list, additional cameras would alleviate possible sexual assault incidents if placed in the library, law library, near the hair care entrance, kitchen storage and cooler foyer, and laundry storage.

Recommendations:

- Document Porter times in and out of the Mental Health Department. Facility response: The porter in A-Support works during times there are multiple team members in A-Support. On very rare occasions there is just one mental health worker and a shift supervisor present in that area. We have chosen not to have a form documenting the porter working in this area.
- Camera placement or additional staff supervision for cameras in areas noted above in the site observation. Facility response: NCCW will have cameras installed in these areas and is in the process.

(a) The Nebraska Correctional Center for Women PAQ states the agency requires the facility to develop, document and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect inmates against abuse. Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of inmates is 297. The average daily number of inmates on which the staffing plan was predicated is 297.

The facility provided a Nebraska Correctional Center for Women Annual Review of Staffing Assignment and Video Monitoring plan. The document documents the following components.

- a. Generally accepted adult correctional institution practice.
- b. Any judicial findings of inadequacy.
- c. Any findings of inadequacy from federal investigative bodies.
- d. Any findings of inadequacy from internal or external oversight bodies.
- e. All components of the facility's physical plant, including blind spots or areas where team members or inmates may be isolated.
- f. The composition of the resident population (i.e.-gender rations, risk/need of residents, physical size, Sexual Aggressive Behavior (SAB), Vulnerability to Victimization (VV).
- g. The number and placement of supervisory staff.
- h. Institutional programs occurring on shifts.
- i. Any applicable state or local laws, regulations or standards.
- j. The prevalence of substantiated and unsubstantiated incidents of sexual abuse.
- k. Any other relevant factors.

The plan is signed and dated by the PREA Compliance Manager, facility Warden and the agency PREA Coordinator.

(b) The Nebraska Correctional Center for Women PAQ states each time the staffing plan is not complied with, the facility documents and justifies deviations. The most common reason for deviating from the staffing plan in the past 12 months was due to staffing levels.

(c) The Nebraska Correctional Center for Women PAQ states at least once every year the facility/agency, in collaboration with the PREA coordinator, reviews the staffing plan to whether adjustments are needed in (a) the staffing, (b) the deployment of monitoring technology, or (c) the allocation of agency/facility resources to commit to the staffing plan to ensure compliance with the staffing plan. The facility completes a staffing plan annually to ensure continued compliance with each required element of the staffing plan.

(d) The Nebraska Correctional Center for Women PAQ states the facility requires that intermediate level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 8, section 3., states, "Each facility shall implement a policy and practice of having intermediate-level and higher-level supervisors conduct and document unannounced rounds, on all shifts, to identify and deter team members from sexual abuse/assault and sexual harassment. Specific expectations are detailed in facility written procedures.

Team members are strictly prohibited from alerting other team members that these supervisory rounds are occurring, unless such announcement is related to the legitimate operational functions of the facility.

On an annual basis each facility compliance manager will complete an annual PREA assessment based on data from the previous calendar year. This assessment will be submitted to the captain/PREA coordinator on or before February 1st each year."

The facility provided Area Checks – Quarterly – Shift Notes demonstrating Lieutenants and Sergeants complete ‘area checks’ at least once per shift at different times each shift.

The facility provided Nebraska Correctional Center for Women Shift Supervisor Report demonstrating that shift supervisors complete the following area inspections, during most shifts.

- Armory
- Central Control
- Intake
- Administration Area
- Visiting
- A Support
- Food Service
- Central Laundry
- Warehouse & Dock
- Recreation
- B. Building – B Bay, RSU, Nursery
- C. Building, BIP-U, C2
- North Hall
- Maintenance, North, South
- East Hall, Canteen, Property
- West Hall, Parenting, Living Skills, School
- D&E
- Medical Department

Through such reviews of the multiple unannounced rounds through observation of building logbooks being documented for months and in some building, years, the facility exceeds the standard requirements.

Post audit the facility provided a memorandum from the State of Nevada Department of Corrections demonstrated the department has accepted the transfer of the State of Nebraska Department of Correction Services juvenile female offender under the provisions of their Interstate Corrections Compact Agreement. Per the acceptance agreement, Nebraska will retake custody once the juvenile turns 18.

Post audit the facility provided email communication confirming the date and time of arrival of the youth to the State of Nevada Department of Corrections on July 22, 2025, between 2:30 and 3:30 pm. Nebraska Department of Corrections Central Transportation conducted the transportation from the airport to the facility.

(a) The Nebraska Correctional Center for Women PAQ states the facility does house youthful inmates. In the past 12 months, the number of housing units to which youthful inmates are assigned that provide sight and sound separation between youthful and adult offenders in dayrooms, common areas, showers, and sleeping quarters was one. In the past 12 months, the number of youthful inmates placed in same housing unit as adults at this facility was two.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 8, section D. 1-3, states, "PREA Standard Secure Facility 115.14 a-c Youthful Inmates

1. A youthful inmate shall not be placed in a housing unit in which he or she will have sight, sound or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area or sleeping quarters.

a. In areas outside of housing units, agencies shall either:

1. Maintain sight and sound separation between youthful inmates and adult inmates, or

2. Provide direct team member supervision when youthful inmates and adult inmates have sight, sound or physical contact.

2. All best efforts must be made and documented to avoid placing youthful inmates in restrictive housing to comply with the standard.

3. Absent exigent circumstances, youthful inmates shall not be denied daily large muscle exercise, any legally required special education services, programs and work opportunities. In the event the above-mentioned criteria have been denied the facility shall document the reason for denial."

1. Random Inmates
2. Targeted Inmates
3. Corporals
4. Captain / PREA Coordinator

Interviews with 13 random and 13 targeted inmates demonstrated cross gender announcements were not consistently made or heard when male staff are entering the living units. 20 of 23 inmates formally interviewed stated staff conducted searches respectfully and transgender inmates stated they preferred female staff search them. Of the three inmates who stated searches were not conducted respectfully were not mentally stable and their complaints seemed to be issues they may have dreamt about or thoughts that did not seem to be of the real world.

Interviews with Corporals demonstrated each had been trained to complete one type of pat and safety search which are not gender specific. Corporals stated cross gender announcements are made each time a male enters the unit, shower area or an inmate room.

The interview with the PREA Coordinator demonstrated the agency current practice for searching transgender inmates is performed by same gender staff as is documented on the transgender driver license and birth certificate.

Site Observation:

During the tour the search area near the visitation area was observed to be in a private bathroom where one on one searches are conducted out of line of sight of a camera. The search area near the property room was observed to be behind a full door in a restroom where urinalysis is also performed. The search area allows for one staff and one inmate and is out of line of sight of any cameras.

During the tour showers were observed in the intake area, the shower is behind a full door and out of line of sight of cameras. Showers in the living unit were either behind a $\frac{3}{4}$ door at the entrance and full doors for each toilet. Cameras are not, nor could they be positioned to see inside of bathrooms. Toilets in cells are not easily viewed when looking into inmate cells.

Corrective Action Plan:

- Appropriate facility personnel to complete documented training on §115.15 (d).
- Appropriate facility personnel to provide a memorandum with a sustainable action plan stating which facility position will ensure all requirements of §115.15 (d) are met and sustained. Memorandum to be addressed to the DOJ PREA Auditor, date and author of the memorandum and standard in question.
- Upload requested documentation to the OAS.

Post audit the facility provided refresher training for Housing Unit Announcements and signed roll call sheets demonstrating that staff members on each shift received refresher training on announcing their gender when entering an area where an inmate may be changing, showering or toileting.

Post audit the facility provided a memorandum from the PREA Coordinator addressed to the DOJ PREA Auditor with the following sustainable action plan. "Periodic rounds by supervisors to check with staff working units and engaging staff to ensure they are aware of announcement expectation. The Facility PREA Compliance Manager will continue to educate new staff on the importance of unannounced rounds and ensure all opposite gender staff are making unannounced rounds when entering areas of undress.

(a) Nebraska Correctional Center for Women PAQ states the facility does not conduct cross-gender strip or cross-gender visual body cavity searches of their Inmates. In the past 12 months zero cross-gender strip or cross-gender visual body cavity searches of inmates.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 8, section E. 1., states, "Team members shall not conduct cross-gender safety searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners. All cross-gender safety searches and cross-gender visual body cavity searches will be documented in an Incident Report. The report shall be maintained by the facility PREA compliance manager.

(b) Nebraska Correctional Center for Women PAQ states the facility does not permit cross-gender pat-down searches of female inmates, absent exigent circumstances.

(c) Nebraska Correctional Center for Women PAQ states the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity

searches, and cross-gender pat-down searches be documented and justified. Policy compliance can be found in provision (a) of this standard.

(d) Nebraska Correctional Center for Women PAQ states the facility has implemented policies and procedures that enable Inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies and procedures require staff of the opposite gender to announce their presence when entering an inmate housing unit.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 9, section E. 3., states, "In order to enable inmates to shower, perform bodily functions and change clothing without nonmedical team members of the opposite gender viewing their breasts, buttocks or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks, all team members of the opposite gender will announce their presence when entering an inmate housing unit. Written notice to inmates shall be posted prominently in all units indicating team members of the opposite gender may be present at any time.

It is also necessary to make a verbal announcement when a team member of the opposite gender is assigned to work on an inmate housing unit or when a team member of the opposite gender enters an inmate housing unit where inmate sleeping/showering quarters are located. For example, if a female team member is assigned to a male housing unit for the duration of a shift, an announcement at the beginning of the shift is required regarding to that person's presence. When the female leaves the unit and returns an announcement of a female present must be made upon return to the unit. In addition, any time an opposite gender team member who is not assigned to that unit enters an area of the housing unit where inmate sleeping/showering quarters are located, a verbal announcement of their presence must be made. The announcement shall be made in such a manner that is most likely to be heard, such as the intercom system, and shall make it clear that a team member of the opposite gender has entered the unit (appropriate language includes but is not limited to "A male/female team member is on the floor/unit."). In the event of exigent circumstances (i.e., a medical emergency, inmate altercation, inmate/team member assault, etc.) the announcement of cross gender team members is not necessary."

(e) The Nebraska Correctional Center for Women PAQ states the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex Inmate for the sole purpose of determining the Inmate's genital status. Such

searches have not occurred in the past 12 months.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 9, section E. 4., states, "NDCS shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. If an inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

(f) The Nebraska Correctional Center for Women PAQ states 100% of security staff at each facility receive training on conducting cross-gender pat-down searches and searches of transgender and intersex Inmates in a professional and respectful manner consistent with security needs.

The facility provided a Nebraska Department of Correctional Services – Searches, Pre-Service Training PowerPoint Presentation. Learning objectives include the following.

- 1 Define contraband.
- 2 Explain the purpose of searches.
- 3 List the four (4) most common types of searches.
- 4 Describe professional conduct during searches.
- 5 Explain the importance of professional conduct during searches.
- 6 Identify four (4) ways to minimize the possibility of transmission of infectious disease when doing searches.

The interview with the Unit Manager demonstrated PREA education is provided to inmates during the orientation process at least every two to three weeks; however, each receive a brochure at intake with information regarding the agency zero tolerance policy, inmate rights and internal and external reporting information. During orientation the Unit Manager stated she uses an inmate PREA educational PowerPoint presentation which she reads to inmates while pausing through the presentation to ask if anyone has questions to ensure comprehension of the education. The presentation includes information regarding the agency zero tolerance policy, inmates' rights, how to disclose, reporting, preserving evidence and reporting for others. At the end of the presentation inmates are asked to sign an acknowledgement of their understanding of the PREA education each received.

Site Observation:

Agency Report Sexual Abuse and PREA postings were observed to be posted, in both English and Spanish, throughout the facility.

(a) The Nebraska Correctional Center for Women PAQ states the agency has established procedures to provide disabled inmates equal opportunities to be provided with and learn about the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment.

The facility provided an Americans with Disabilities Act (ADA) Pre-Service PowerPoint. The PowerPoint includes the following learning objectives.

(b) The Nebraska Correctional Center for Women PAQ states the agency has established procedures to provide inmates with limited English equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Policy compliance can be found in provision (a) of this standard.

3. Unit Manager

Formal interviews with 13 random and 13 targeted inmates demonstrated they were made aware of PREA within a week of arrival and were educated on one or more ways to report internally, externally, their rights aligning with the grievance process and the agency zero tolerance policy.

The interview with the Unit Manager demonstrated PREA education is provided to inmates during the orientation process at least every two to three weeks; however, each receive a brochure at intake with information regarding the agency zero tolerance policy, inmate rights and internal and external reporting information. During orientation the Unit Manager stated she uses an inmate PREA educational PowerPoint presentation which she reads to inmates while pausing through the presentation to ask if anyone has questions to ensure comprehension of the education. The presentation includes information regarding the agency zero tolerance policy, inmates' rights, how to disclose, reporting, preserving evidence and reporting for others. At the end of the presentation inmates are asked to sign an acknowledgement of their understanding of the PREA education each received.

Site Observation:

Utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File / Records Review template demonstrated 12 of 26 inmates interviewed have been admitted into the program in the past 12 months. Of those 12 inmates, all had received PREA education during the orientation process.

(a) The Nebraska Correctional Center for Women PAQ states Inmate receives information at time of intake about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment. The number of inmates admitted in the past 12 months who were given this information at intake was 204.

(b) The Nebraska Correctional Center for Women PAQ states the number of those inmates admitted during the past 12 months (whose length of stay in the facility was for 30 days or more) who received comprehensive education on their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents within 30 days of intake was 204. Policy compliance can be found in provision (a) of this standard.

(c) The Nebraska Correctional Center for Women PAQ states of those who were not educated during 30 days of intake, all inmates have been subsequently educated. Agency policy requires that inmates who are transferred from one facility to another be educated regarding their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents, to the extent that the policies and procedures of the new facility differ from those of the previous facility. The PAQ states, “all inmates are educated within 30 days off arrival.”

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 14, section M. 3, states, “Information will be provided in formats accessible to all inmates, including those who are deaf or hard of hearing, visually impaired or otherwise disabled; those who have intellectual, psychiatric or speech disabilities; as well as to inmates who have limited reading skills and who are limited English proficient.”

Inmates attest to the following through their signature and date. “I acknowledge that I have received information regarding my rights to be free from sexual assault, sexual abuse, sexual harassment and to be free from retaliation for reporting such incidents. I have also been informed of the Nebraska Department of Correctional Services policy and procedures for responding to such incidents.”

(f) The Nebraska Correctional Center for Women PAQ states the agency ensures that key information about the agency’s PREA policies is continuously and readily available or visible through posters, inmate handbooks, or other written formats.

Through such reviews of the inmate PREA education PowerPoint and inmates

	articulating what they learned from their orientation education, the facility exceeds the standard requirements.

them at assessment, D&E, facility.

The interview with the Unit Manager demonstrated she screens all intakes with a goal to complete within 24 hours, or within 72 hours if they come in late on Friday. The Case Manager stated she pays attention to how inmates answer questions, body language, tone, if they change answers she completes follow up. If inmates disclose sexual abuse or abusiveness and are willing to talk to mental health she completes a referral to mental health. When it comes to violent crimes and the inmate does not disclose, she completes further research to understand why the inmate did not disclose. The Case Manager stated assessments are completed in her office, one on one, to ensure privacy and would do a partial reassessment if warranted after she completes the family tree, or a situation is warranted and would work with mental health through a referral and she completes reassessments within 30 days of intake and before they leave D&E.

The Case Manager stated assessments are completed in NiCAMS, electronically and only Case Management, Sergeants, Lieutenants, Case Workers, Mental Health and Administration have access to the completed assessments. The Case Manager stated before inmates are classified risk screening outcomes into consideration as to how they were classified. Information is given to Unit Managers who place with similar risk screening outcomes, weight and age. Communicates with staff once they leave D&E to ensure inmate is properly placed and once Unit Managers assess as well and we discuss.

The Case Manager stated the C2 Unit, the Star Program is used for protective custody and vulnerable populations, if needed. The facility would house and program transgender and intersex inmates after discussions with the PREA Compliance Manager as this has not happened in her employment and she wants to be sure she houses them correctly.

The Case Manager stated the facility has one transgender who currently showers in D&E so he doesn't have to worry about other individuals during showers and the Case Management Department is aware transgender and intersex inmates are reassessed twice a year

The interview with the PREA Coordinator demonstrated only the diagnostic centers have access to the entire inmate risk assessment.

Site Observation:

Utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File / Records Review template demonstrated 12 of 26 inmates interviewed have been admitted into the program in the past 12 months. Of those 12 inmates, 12 had completed risk assessments within 72 hours of intake and again within 30 days of admission into the facility.

(a) The Nebraska Correctional Center for Women PAQ states the facility has a policy that requires screening, upon admission or transfer, for risk of sexual abuse victimization or sexual abusiveness toward other Inmates.

Nebraska Department of Correctional Services, Identification of Potential Aggressors and Victims / Survivors, Policy 201.03, page 2, section 1., states, "All inmates shall be assessed during an intake screening at reception facilities and upon each transfer to another facility for their risk of being sexually assaulted, sexually abused or sexually harassed by other inmates and/or their potential to be sexually abusive or sexually harassing toward other inmates. This screening shall take place within 72 hours of arrival at the facility and be conducted using an objective screening instrument. NDCS shall implement appropriate controls on the dissemination of this information within facilities in order to ensure sensitive information is not exploited to an inmate's detriment by staff or other inmates."

(b) The Nebraska Correctional Center for Women PAQ states the number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 72 hours or more) who were screened for risk of sexual victimization or risk of sexually abusing other inmates with 72 hours of their entry into the facility was 204. Policy compliance can be found in provision (a) of this standard.

(c-e) The Nebraska Correctional Center for Women PAQ states the facility conducts risk assessments by using an objective screening instrument. The facility does not house inmates solely for civil immigration purposes.

The facility provided computer screen prints of the agency PREA risk assessment.

Interviews:

1. Targeted Inmates
2. Lieutenant / PREA Compliance Manager
3. Captain / PREA Coordinator

Interviews with two high risk inmates for victimization, one lesbian, one hearing impaired, five transgender, two youthful, one intersex, and one inmate who reported sexual abuse while at the facility demonstrated facility staff had asked them risk screening questions, each was comfortable in their housing units and job assignments, stated staff and other inmates treat them with respect regardless to how they identify and overall felt safe in the facility.

The interview with the PREA Compliance Manager demonstrated that the Case Managers classify inmates initially based off their risk assessments, vulnerable and aggressive inmates are separated by wings, and units if necessary or can be housed in the C2 single cell occupancy unit and as a last resort in the Behavioral Intervention Program Unit.

The interview with the PREA Coordinator demonstrated quarterly gender dysphoria meetings take place with facilities to discuss transgender and intersex inmates coming into and transferring within programs to ensure their needs are met. In addition, the PREA Coordinator reviews all six-month reviews once those reviews are completed by designated facility personnel.

(a) The Nebraska Correctional Center for Women PAQ states the facility uses information from the risk screening required by §115.41 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive.

	<p>Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 15, section Q. 1., states, “Facilities will utilize information from the risk screening to inform housing, bed, work, education and program assignments with the goal of keeping those inmates who are at high risk of being sexually victimized from those who are at high risk of being sexually abusive. The institution’s physical plant, staffing levels, size, and number of programs and services, as well as activity schedules, will determine the extent to which separation is possible or contacts minimized. Computer tracking of high-risk inmates within an institution may be utilized. Interviews:

1. Warden

The interview with the Warden demonstrated that although the facility has a restricted housing unit, the restricted housing unit is not used for vulnerable persons. The Warden stated the facility would provide protective custody in the Diagnostic and Evaluation building if requested; however, this area has not been utilized for vulnerable persons as the facility has different units used for different missions and could easily find suitable placement for inmates needing a housing unit transfer.

(a) The Nebraska Correctional Center for Women PAQ states the agency has a policy prohibiting the placement of inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is not available alternative means of separation from likely abusers. The number of inmates at risk of sexual victimization who were held in involuntary segregated housing the past 12 months for one to 24 hours awaiting completion of assessment was zero.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 16, section R. 1., states, "Inmates at high risk for sexual victimization and those alleged to have suffered sexual assault/abuse shall not be placed in involuntary restrictive housing unless an assessment of all available alternatives has been conducted and a determination has been made there is no available alternative means of separation from likely abusers.

If unable to conduct this assessment immediately, the inmate may be held in involuntary restrictive housing (immediate segregation) for less than 24 hours while the assessment is completed."

(c) The Nebraska Correctional Center for Women PAQ states the number of inmates at risk of sexual victimization who were assigned to involuntary segregated housing in the past 12 months, for longer than 30 days while awaiting alternative placement was zero.

6. Captain - PREA Compliance Manager

Interviews with 13 random and 13 targeted inmates demonstrated knowledge of reporting options to include talking with a trusted staff member, completing an inmate request form, filing a grievance, phoning the Ombudsman or the PREA hotline from inmate phones.

Interviews with Corporals demonstrated they would accept and report any type of allegation received regardless of the source of the allegation.

Site Observations:

During the tour the PREA hotline was tested from inmate phones and the call successfully connected. A message was left on the voicemail and the PREA Coordinator was able to demonstrate the message immediately came to her cell phone. While in Restricted Housing an inmate was observed to be on a rolling phone; however, reporting information to include the Ombudsman and or PREA hotline was not seen on the rolling phone.

During the tour the mailroom was observed to be locked with one staff assigned to manage incoming and outgoing mail. The Mail Specialist stated that legal mail is logged when received and mailed with the inmate's name, inmate number, date and signature of the staff and inmate. Incoming mail is forwarded to the Corporals and scan, log and distribute mail with inmates. The Mail Specialist stated facility positions who have access to the mailroom consist of herself, the Office Technician, Administrative Assistants, and Tool and Key Sergeants.

During the tour, the records room was observed to have one staff member behind a locked door. The records clerk stated that she is the only staff member who has access to inmate jackets which contain signed PREA education acknowledges, and risk assessments are completed in the agency NiCAMS database.

Recommendation:

- Affix external reporting phone numbers on the rolling phone used in restricted housing to provide inmates with contact information.

(a) The Nebraska Correctional Center for Women PAQ states the agency has established procedures allowing for multiple internal ways for inmates to report privately to agency officials about: (a) sexual abuse or sexual harassment; (b) retaliation by other inmates or staff for reporting sexual abuse and sexual harassment; and (c) staff neglect or violation of responsibilities that may have contributed to such incidents.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 17, section S. 1., states, "Inmates shall be provided with multiple ways to privately report sexual assault/abuse, sexual harassment, and retaliation by other inmates or staff for reporting sexual assault/abuse, sexual harassment, staff neglect and/or violation of responsibilities that may have contributed to such incidents.

a. Inmates may verbally report the incident to any staff member.

b. Inmates may utilize the established hotline number (855-623-7360) to report an allegation anonymously. This number shall be included on all inmates Inmate Calling System (ICS) automatically. The number is a generic pin for all inmates 0-111-111-111 and speed dial 08#. These calls shall not be subject to monitoring. Upon receipt of a voice message, a system generated email is forwarded to the captain/PREA coordinator. See How To Dial Hotlines (Attachment C) for directions on dialing the PREA Hotline.

c. Inmates may report the incident in writing on an Inmate Interview Request or Grievance form."

(b) The Nebraska Correctional Center for Women PAQ states facility provides at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency. The agency does not have a policy requiring inmates detained solely for civil immigration purposes be provided information on how to contact relevant consular officials and relevant officials of the Department of Homeland Security. The PAQ states, "The inmate population could contact the Ombudsman's office if they chose too. the Ombudsman's office is set up as a speed dial on the inmates calling system."

The facility provided a memorandum regarding 'reporting methods for inmates detained solely for immigration', stating, "The Nebraska Department of Correctional Services does not house or detain inmates solely for the purpose of civil immigration. All inmates are sentenced before placement in NDCS custody. NDCS does house county safe keepers that come from county jails they are placed in intake/reception due to the needs of a 90 day mental health evaluation or behavior concerns while in county custody."

(c) The Nebraska Correctional Center for Women PAQ states the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties. Staff are required to document verbal reports.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section 17. 4., states, "Staff will accept all reports made verbally, in writing, anonymously, from other inmates and from third parties outside NDCS. Verbal reports will be promptly documented.

The facility provided an incident report demonstrating a verbal report to staff is documented and communicated to the facility via an incident report.

(d) The Nebraska Correctional Center for Women PAQ states the agency has established procedures for staff to privately report sexual abuse and sexual harassment of inmates.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section 17. 4., states, "Staff have the option of privately reporting sexual assault/abuse and sexual harassment of inmates and retaliation against inmates and staff by directly notifying the captain/PREA coordinator (402-479-5660) or utilizing the established hotline number (855-623-7360)."

The facility provided slides 95 and 97 from the agency PREA training PowerPoint demonstrating employees are provided internal ways to report and a hotline number of 855.623.7360 as well as information on affirmative duty.

The facility provided a NDCS Zero Tolerance posting providing information on the following.

- How to Report
- How to Contact the PREA Hotline
- Posting includes phone numbers to the PREA Hotline

Through such reviews, the facility meets the standard requirements.

regarding an allegation of sexual assault/abuse or sexual harassment. Applicable time limits to any portion of a grievance that does not allege an incident of sexual assault/abuse or sexual harassment will be followed per policy.

An inmate is not required to use any informal grievance process (i.e., an inmate may submit a Step I Grievance without an Informal Grievance attached) or otherwise attempt to resolve an alleged incident of sexual assault/abuse or sexual harassment with staff. An inmate who alleges sexual assault/abuse or sexual harassment may file a grievance without submitting it to a staff member who is the subject of the complaint. A grievance will not be referred to a staff member who is the subject of the complaint.

A final response to the grievance will be issued within 90 days of the initial filing. This does not include time consumed by inmates preparing an administrative appeal. An extension of up to 70 days may be requested if there is insufficient time to make an appropriate decision. Inmates will be notified in writing of the extension and be provided a date by which the decision will be made. If the inmate does not receive a response or notification of an extension, he or she may consider the absence of a response to be a denial at that level.

An inmate may also file an emergency grievance if he or she feels there is a substantial risk of imminent sexual abuse/assault.

The emergency grievance will immediately be forwarded to the shift supervisor, who will take immediate corrective action. An initial response shall be provided within 24 hours and a final decision will be issued within five calendar days. The initial response and final decision will serve as documentation determining whether the inmate is at substantial risk of imminent sexual abuse/assault and the action taken in response to the emergency grievance.”

(b) The Nebraska Correctional Center for Women PAQ states agency policy or procedure allows an inmate to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred. Policy compliance can be found in provision (a) in this standard.

(c) The Nebraska Correctional Center for Women PAQ states the agency’s policy and procedure allows an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. The agency’s

policy and procedure require that an inmate grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint. Policy compliance can be found in provision (a) in this standard.

(d) The Nebraska Correctional Center for Women PAQ states the agency's policy and procedures that require a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. In the past 12 months there have been twelve grievances filed alleging sexual abuse. In the past 12 months, the number of grievances alleging sexual abuse that reached final decision within 90 days after being filed was twelve. In the past 12 months, the number of grievances alleging sexual abuse that involved extensions because final decision was not reached within 90 days was one. The PAQ states, "informal - 2, step 1 - 2, step 2 - 8." Policy compliance can be found in provision (a) in this standard.

(e) The Nebraska Correctional Center for Women PAQ states agency policy and procedure permit third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and to file such requests on behalf of inmates. Agency policy and procedure requires that if an inmate declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the inmate's decision to decline. The number of grievances alleging sexual abuse filed by inmates in the past 12 months in which the inmate declined third-party assistance, containing documentation of the inmate's decision to decline was zero. Policy compliance can be found in provision (a) of this standard.

(f) The Nebraska Correctional Center for Women PAQ states the facility has a policy and established procedures for filing an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. The facilities policy and procedures for emergency grievances alleging substantial risk of imminent sexual abuse require an initial response within 48 hours. The facilities policy and procedure for emergency grievances alleging substantial risk of imminent sexual abuse require that a final agency decision be issued within five days. The number of emergency grievances alleging substantial risk of imminent sexual abuse that were filed in the past 12 months was six. The number of those grievances in 115.52 (e)-3 that had an initial response within 48 hours was two. The number of grievances alleging substantial risk of imminent sexual abuse filed in the past 12 months that reached final decisions within five days was six. Policy compliance can be found in provision (a) of this standard.

(g) The Nebraska Correctional Center for Women PAQ states the facility has a written policy that limits its ability to discipline an inmate for filing a grievance alleging

	<p>sexual abuse to occasions where the agency demonstrates that the Inmate filed the grievance in bad faith. In the past 12 months, there have been zero grievances alleging sexual abuse to occasions where the agency demonstrated that the inmate filed the grievance in bad faith. Policy compliance can be found in provision (a) of this standard.</p> <p>Through such reviews, the facility meets the standard requirements.</p>

Interviews:

1. Random Inmates
2. Targeted Inmates
3. Corporals
4. Mail Specialist
5. Records Clerk
6. Captain – PREA Compliance Manager

Interviews with 13 random and 13 targeted inmates demonstrated knowledge of reporting options to include talking with a trusted staff member, completing an inmate request form, filing a grievance, phoning the Ombudsman or the PREA hotline from inmate phones.

Interviews with Corporals demonstrated they would accept and report any type of allegation received regardless of the source of the allegation.

Site Observations:

During the tour the PREA hotline was tested from inmate phones and the call successfully connected. A message was left on the voicemail and the PREA Coordinator was able to demonstrate the message immediately came to her cell phone. While in Restricted Housing an inmate was observed to be on a rolling phone; however, reporting information to include the Ombudsman and or PREA hotline was not seen on the rolling phone.

During the tour the mailroom was observed to be locked with one staff assigned to manage incoming and outgoing mail. The Mail Specialist stated that legal mail is logged when received and mailed with the inmate name, inmate number, date and signature of the staff and inmate. Incoming mail is forwarded to the Corporals and scan, log and distribute mail with inmates. The Mail Specialist stated facility positions who have access to the mailroom consist of herself, the Office Technician, Administrative Assistants, and Tool and Key Sergeants.

During the tour, the records room was observed to have one staff member behind a locked door. The records clerk stated that she is the only staff member who has access to inmate jackets which contain signed PREA education acknowledges and risk assessments are completed in the agency NiCAMS database.

Recommendation:

- Affix external reporting phone numbers on the rolling phone used in restricted housing to provide inmates with contact information. Facility response: Hotline information is now on the rolling phone

(a) The Nebraska Correctional Center for Women PAQ states the agency has established procedures allowing for multiple internal ways for inmates to report privately to agency officials about: (a) sexual abuse or sexual harassment; (b) retaliation by other inmates or staff for reporting sexual abuse and sexual harassment; and (c) staff neglect or violation of responsibilities that may have contributed to such incidents.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 17, section S. 1., states, "Inmates shall be provided with multiple ways to privately report sexual assault/abuse, sexual harassment, and retaliation by other inmates or staff for reporting sexual assault/abuse, sexual harassment, staff neglect and/or violation of responsibilities that may have contributed to such incidents.

a. Inmates may verbally report the incident to any staff member.

b. Inmates may utilize the established hotline number (855-623-7360) to report an allegation anonymously. This number shall be included on all inmates Inmate Calling System (ICS) automatically. The number is a generic pin for all inmates 0-111-111-111 and speed dial 08#. These calls shall not be subject to monitoring. Upon receipt of a voice message, a system generated email is forwarded to the captain/PREA coordinator. See How To Dial Hotlines (Attachment C) for directions on dialing the PREA Hotline.

c. Inmates may report the incident in writing on an Inmate Interview Request or Grievance form."

(b) The Nebraska Correctional Center for Women PAQ states facility provides at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency. The agency does not have a policy requiring inmates detained solely for civil immigration purposes be provided information on

how to contact relevant consular officials and relevant officials of the Department of Homeland Security. The PAQ states, "The inmate population could contact the Ombudsman's office if they chose too. the Ombudsman's office is set up as a speed dial on the inmates calling system."

The facility provided a memorandum regarding 'reporting methods for inmates detained solely for immigration', stating, "The Nebraska Department of Correctional Services does not house or detain inmates solely for the purpose of civil immigration. All inmates are sentenced before placement in NDCS custody. NDCS does house county safe keepers that come from county jails they are placed in intake/reception due to the needs of a 90 day mental health evaluation or behavior concerns while in county custody."

(c) The Nebraska Correctional Center for Women PAQ states the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties. Staff are required to document verbal reports.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section 17. 4., states, "Staff will accept all reports made verbally, in writing, anonymously, from other inmates and from third parties outside NDCS. Verbal reports will be promptly documented.

The facility provided an incident report demonstrating a verbal report to staff is documented and communicated to the facility via an incident report.

(d) The Nebraska Correctional Center for Women PAQ states the agency has established procedures for staff to privately report sexual abuse and sexual harassment of inmates.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section 17. 4., states, "Staff have the option of privately reporting sexual assault/abuse and sexual harassment of inmates and retaliation against inmates and staff by directly notifying the captain/PREA coordinator (402-479-5660) or utilizing the established hotline number (855-623-7360)."

2. Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, dated 7.31.2024

Interviews:

1. Corporals

Interviews with 12 Corporals demonstrated each carried first responder cards and or booklets with first responder duties. Corporals articulated they would separate victims from aggressors, ensure evidence was not disturbed on the victim or perpetrator and or in the areas where the sexual abuse had taken place.

(a) The Nebraska Correctional Center for Women PAQ states the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to separate, preserve, protect, collect physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. In the past 12 months, ten allegations occurred where an inmate was sexually abused. Of these allegations of sexual abuse in the past 12 months, the number of times the first security staff member responded to the report separated the alleged victim and abuser was ten. In the past 12 months, the number of allegations where staff were notified within a time period that still allowed for the collection of physical evidence was one. The PAQ states, "The inmate was moved to a different unit. and then reported the allegation the next day."

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 21, section Z. 1. a-b, Initial Response:

- a. Upon learning of an allegation an inmate was sexually assaulted, the first security staff member (team members primarily responsible for the supervision and control of inmates, including but not limited to custody, housing unit, mental health, recreation, maintenance, teachers, etc.) to respond to the report shall be required to:

	<ol style="list-style-type: none"> 1. Separate the victim and abuser and ensure that the victim is safe. 2. Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence. 3. Security staff and non-security staff that respond to an incident will request the alleged victim and ensure the alleged abuser not take any actions that could destroy physical evidence, including, as appropriate, washing/showering, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating if the abuse occurred within a time period that allows for evidence collection (120 hours); and notify the shift supervisor immediately. <p>b. Inmate victims of sexual assault or inmates alleging they are victims of sexual assault which occurred within the past 120 hours will be referred immediately, under appropriate security provisions, to a community hospital for initial treatment and gathering of evidence without financial cost to the inmate. All forensic examinations shall be at a community hospital. If it is determined a forensic examination will be conducted department medical staff may provide only emergency medical care prior to transport.”</p> <p>(b) The Nebraska Correctional Center for Women PAQ states the facility’s’ policy requires that if the first staff responder is not a security staff member, that responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and notify security staff. Of the allegations that an inmate was sexually abused made in the past 12 months, the number of times a non-security staff member was the first responder was seven. Of those allegations responded to first by a non-security staff member, the number of times that staff member requested that the alleged victim not take any actions that could destroy physical evidence was one. Of those allegations responded to first by a non-security staff member, the number of times that staff member notified security staff was seven.</p> <p>Through such reviews, the facility meets the standard requirements.</p>

Post audit the agency provided a memorandum from the PREA Coordinator addressed to the PREA Auditor with the following sustainable action plan.

- Retaliation monitoring will start the date the incident is reported. The retaliation monitoring will be done for at least 90 days.
- Once the investigation is completed the notification to the victim will be documented in the retaliation monitoring.
- the Compliance Manager will ensure this is being done accurately and needs to be sent to the PREA Coordinator upon completion as well as saved in the facility file.

(a) The Nebraska Correctional Center for Women PAQ states the agency has a policy to protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff. The agency designates staff member(s) or charges department(s) with monitoring for possible retaliation. The facility designates the Lieutenant or an assigned staff member as the retaliation monitor.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 23, section CC. 1-2., state,

1. “NDCS has an obligation to protect all inmates and team members who report sexual assault/abuse or sexual harassment or cooperate with sexual assault/abuse or sexual harassment investigations from retaliation by other inmates or staff. Examples of acts of retaliation include, but are not limited to, unnecessary discipline, intimidation, unnecessary changes in work or program assignments, unjustified transfers or placements and unjustified denials of privileges or services. The facility PREA compliance manager is responsible for monitoring retaliation against inmates, the captain/PREA coordinator is responsible for monitoring retaliation against staff. Staff who believe they have been subject to retaliation should contact the captain/PREA coordinator in order to initiate retaliation tracking.

2. Once the PREA compliance manager is made aware of an open investigation, the PREA compliance manager shall meet with the victim and begin retaliation tracking. Facilities shall employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse/assault or sexual harassment or for cooperating with investigations."

(c) The Nebraska Correctional Center for Women PAQ states the facility monitors the conduct or treatment of inmates or staff who reported sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by inmates or staff. The length of time that the facility monitors the conduct of treatment is 90 days. The facility acts promptly to remedy any such retaliation. The agency/facility continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need. In the past 12 months, the facility has had three incidents of retaliation. The PAQ states, "within 3 investigations there was reports of retaliation. The allegation of retaliation could not be verified to have occurred."

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 23-24, section CC. 3., states, "For at least 90 days following a report of sexual assault/abuse, the agency shall monitor the conduct and treatment of inmates or staff who report sexual assault/abuse and of inmates who were reported to have suffered sexual assault/abuse to determine if there are changes that may suggest possible retaliation by inmates or team members. Immediate action will be taken to remedy any retaliation. The facility will continue monitoring beyond 90 days if the initial monitoring indicates a continuing need.

a. Items that should be monitored include any inmate disciplinary reports, housing or program changes or negative performance reviews or reassignments of staff.

b. The facility PREA compliance manager or captain/PREA coordinator will make periodic status checks to determine if retaliation is being perpetrated against or perceived by inmates or staff. With the approval of the warden, the PREA compliance manager may designate up to three management positions (Unit Manager, Lieutenant or above) to assist with retaliation monitoring. Allegations or indications of retaliation will be reviewed and documented. Appropriate action will be taken in the event of confirmed retaliation against inmates or staff."

The interview with the Warden demonstrated that although the facility has a restricted housing unit, the restricted housing unit is not used for vulnerable persons. The Warden stated the facility would provide protective custody in the Diagnostic and Evaluation building if requested; however, this area has not been utilized for vulnerable persons as the facility has different units used for different missions and could easily find suitable placement for inmates needing a housing unit transfer.

(a) The Nebraska Correctional Center for Women PAQ states the agency has a policy prohibiting the placement of inmates who allege to have suffered sexual abuse in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers. The number of inmates who alleged to have suffered sexual abuse who were held in involuntary segregated housing in the past 12 months for one to 24 hours awaiting completion of assessment was zero. The PAQ states, "NCCW does not utilize segregation. NCCW has a Behavioral intervention unit."

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 16-17, section R. 1-3, state,

1. Inmates at high risk for sexual victimization and those alleged to have suffered sexual assault/abuse shall not be placed in involuntary restrictive housing unless an assessment of all available alternatives has been conducted and a determination has been made there is no available alternative means of separation from likely abusers.

If unable to conduct this assessment immediately, the inmate may be held in involuntary restrictive housing (immediate segregation) for less than 24 hours while the assessment is completed.

	<p>2. Inmates who remain in restrictive housing for this purpose shall: Have access to programs, privileges, education and work opportunities to the extent possible.</p> <p>a. If this access is restricted the facility shall document:</p> <ol style="list-style-type: none"> 1. The opportunities that have been limited. 2. The duration of the limitations. 3. Such an assignment shall not ordinarily exceed 30 days.</p> <p>3. Staff shall document the basis of the facility's concern for the inmate's safety and the reason why no alternative means of separation can be arranged if the involuntary restrictive housing assignment is made following a determination that no alternative means of separation exists.</p> <p>Every 30 days, the facility shall afford each such inmate a review to determine whether there is a continuing need for separation from the general population."</p> <p>Through such reviews of the facility not utilizing restricted housing for vulnerable persons and ensuring victims can be made comfortable through a housing transfer, the facility exceeds the standard requirements.</p>

3. Captain / PREA Coordinator

The interview with the Investigator demonstrated he begins investigations when assigned by the Major. The Investigator stated he has a two-week deadline but begins immediately and researches prior histories, items collected, video review, interviews those identified to be involved in the incident, listens to phone calls and virtual visits and reviews the Sexual Abuse Incident Review Checklist and prepares a report based on his findings.

The investigation with the Criminal Investigator demonstrated how he investigates depends on the type of incident. The Criminal Investigator stated he reviews the report, offers a SANE if applicable, ensures both the victim and aggressor or reassessed and separated, reviews the secured scene, gathers documentation involved in the incident and opens a preliminary investigation.

The interview with the PREA Coordinator demonstrated she keeps in contact with and has regular meetings with the agency criminal investigators and the Nebraska State Patrol to stay informed on sexual abuse investigation status.

Site Observation:

Review of investigations by utilizing the PREA Audit – Adult Prisons & Jails Documentation Review – Investigations template demonstrated three of three investigations reviewed had areas of the investigation requirements that were not included in the investigation documentation.

(a-b) The Nebraska Correctional Center for Women PAQ states the agency/facility has a policy related to criminal and administrative agency investigations.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 24, section EE., states, “NDCS shall ensure that an administrative or criminal investigation is completed for all allegations of sexual assault/abuse and sexual harassment, including third party and anonymous reports, in a prompt, thorough and objective manner. Pre Audit Observation:

Of the six sexual abuse investigations reviewed during the pre-audit phase four had notifications to victims, one investigation did not have an administrative investigation completed and one victim discharged before the investigation was completed.

(a) The Nebraska Correctional Center for Women PAQ states the agency has a policy requiring that any inmate who alleges that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation by the agency. The number of criminal and/or administrative investigations of alleged inmate sexual abuse that were completed by the agency/facility in the past 12 months was nine. Of the alleged sexual abuse investigations that were completed in the past 12 months, the number of inmates who were notified, verbally or in writing, of the results of the investigation was nine.
