MISSION: BUILDING OPPORTUNITIES

Cornhusker State Industries (CSI) is **building opportunities** for incarcerated men and women through meaningful work trajectories that serve as a foundation for transformative change and successful community reintegration.

CSI provides comprehensive training, education, and certification courses that equip individuals with the skills and confidence to successfully reenter their communities.

VALUES

Individual Growth - We invest intentionally in CSI staff and workers to develop their individual potential and contribute to success inside and outside of the organization.

Integrity - We strive to model integrity in all that we do, acknowledging that everyone plays an important role in demonstrating professional behavior and respect.

Engagement - We seek to engage our stakeholders to sustain high levels of motivation, teamwork, collaboration and accomplishment.

Communication - Communication is vitally important to propel our vision, share knowledge, offer feedback and celebrate success.

Quality - Quality is built into all processes, products and services so that we may be a more effective organization.

TRANSFORM Nebraska is an integrated framework designed to comprehensively address the rehabilitation needs of individuals within the correctional system. By bringing together a wide range of rehabilitative services, programs and initiatives under one cohesive umbrella, it incorporates multiple dimensions of rehabilitation, promoting personal growth, behavior change and reentry success.

The 5-Key Model for Reentry and Well-being Development™ is a transformative, evidence-based approach to rehabilitation that recognizes the inherent strengths within each individual. It is designed to support personal growth and long-term success by addressing the key components of well-being that are critical for successful reintegration into the community.

While Cornhusker State Industries workers can develop in all five key areas while employed, the most significant focus is Meaningful Work Trajectories. Workers can earn certificates and receive specialized training while employed at CSI, which can potentially expand their post-release employment opportunities. They also apply lessons learned to engage positively and build relationships with co-workers and employers and apply healthy thought patterns to effectively cope with potentially stressful workplace situations.

STARTING AT **\$547⁰⁰**

Item #: G-TB-VRTN

Description: R-Base nesting tables support quick reconfiguration. The unique design accommodates two-sided usage, giving ample leg room to those seated on either side of the table. The pull of a single lever flips the worksurface vertically while the innovative angled legs create straight-line nesting for compact storage. The R-Base offers standard rectangle worksurfaces tops that are nominal 1-1/4" overall thickness with .030" thick high-pressure laminate top surface and a .028" phenolic backer (bottom surface). Standard table height is 29". The casters on the bottom of the table provide easy movement and have a lock to keep in place. Choose Laminate, T-Molding color, and frame color. Add a Modesty Panel for an additional \$50.

TABLES WITHOUT SEATING

STARTING AT **\$CALL**

Description: Unify seatless tables are easy to handle, yet tough enough to endure years of everyday use. The torsional energy storage system creates controlled, effortless lifting operation, and means one person can open, close, and move the units with ease. The 4" diameter casters provide easy and safe maneuverability and lift off the floor when table is in use to provide extreme table stability. Because the tables include casters and stores compactly, there's no need for bulky table carts. Call your CSI Sales Representative for pricing

ROUND TABLES WITH SEATING

STARTING AT \$CALL

Description: Available with bench or stool seating, the circular design allows for obstacle-free access to seating, and allows for greater versatility as well as room configuration maximization. Manufactured specifically to withstand the rigors of daily use, these tables fold and roll easily, and nest together for compact storage. From stationary to mobile in a matter of seconds, Unify Round Tables offer a torsional energy storage lift mechanism, an exclusive spring-loaded automatically engaged storage lock, and large 4" heavy-duty rubber casters for safe, secure, and easy maneuverability. Call your CSI Sales Representative for pricing

RECTANGULAR TABLES WITH SEATING

STARTING AT \$CALL

Description: Available in either bench or stool styles, they are manufactured of solid core warp-resistant construction. Frames are solid, fabricated with a welded unitized construction, and integrating all structural steel members into a self-supporting unit. Tables open and fold in one fluid motion due to a combination of pneumatic cylinders and a torsional energy system. This system, coupled with a proprietary storage lock that is spring-loaded for automatic engagement means lifting, locking, and moving the tables is safe, secure, and easy.
