Purpose (2A-02, 5A-17, 23)

To establish the procedures and guidelines for operating and managing the Community Corrections Center – Lincoln (CCCL) incarcerated individual visiting program.

The CCCL believes that supervised visits between incarcerated individuals and their family and friends can contribute to the maintenance of family ties, help instill socially acceptable behavior, and assist in improving institutional stability.

Visiting regulations are reviewed annually by the warden of CCCL and are valid for the twelve-month period following that review unless officially revised during that time period. CCCL visiting regulations and hours are posted on the NDCS website and a CCCL “Visitor Rules and Regulations” brochure is also available in the front entrance lobby for team member and visitors. Copies of the brochure are available in the housing units for members of the incarcerated individual population.

C. Canine Searches

Visitors, Department employees, and other members of the general public are subject to unannounced canine searches. The intent of the search is to detect drugs by having a trained drug dog sniff the individual and their possessions. The drug dog is handled by a trained handler.

The searches will be conducted in private. The individual may be asked to sit down so that the dog can complete the search. The dog will sniff the individual and any clothing that has been removed, their diaper bag, wallet/coin purse and/or briefcase.
