| <b>Targeted Inmate/Resident/Detainee Interviews</b>   |  |
| <b>45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>   | 8  |
| <p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p> |  |

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

**71. Did you have access to all areas of the facility?**

☒ Yes

☐ No

**Was the site review an active, inquiring process that included the following:**

### Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

## SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

### Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

Through informal and formal interviews with inmates and staff, interviews with contractors and a volunteer, review of inmate and personnel files, review of facility and agency protocols, and a facility tour, it was evident the facility integrates the requirements of PREA into daily operations in a meaningful and consistent manner. Inmates and staff interviewed were able to clearly describe PREA practices and protocols as outlined in the agency Sexual Assault/Abuse Policy, and both the PREA Coordinator and PREA Compliance Manager affirmed they are provided the time and resources necessary to fulfill their PREA responsibilities. Each described systems in place to monitor compliance and maintain ongoing oversight of facility practices.

Inmates provided unsolicited comments that demonstrated strong perceptions of safety, respect, and consistent messaging across the facility. Inmates reported feeling sexually safe, described searches as respectful, and stated mental health services are offered regardless of risk screening outcomes. Inmates noted consistent staff check-ins following medical appointments, meaningful follow-up from investigators, and regular reassessments of their safety and comfort. Several inmates stated staff are respectful, PREA is taken seriously, inappropriate behavior is not tolerated, and staff review rules and protocols repeatedly to reinforce expectations. Some inmates described receiving PREA information multiple times within a short timeframe, reflecting strong emphasis on communication, consistency, and prevention.

Staff provided unsolicited comments demonstrating a culture grounded in respect, professionalism, collaboration, and safety. Staff described strong coordination with medical and mental health, a round-robin approach to screening new arrivals, and proactive monitoring of youth needs. Staff stated they immediately address inappropriate behaviors, remain sensitive to individual identities and needs, avoid judgment, and ensure all interactions are professional. Staff also described private check-ins when concerns arise, the importance of staff presence, clear buddy system practices, and a commitment to protecting youth in custody. The volunteer interviewed spoke positively about the environment, stating NDCS leadership "has a lot going right with people who care" and described the work as meaningful and hopeful.

The interview with the PREA Coordinator demonstrated strong and consistent

oversight of PREA Compliance Managers through regular email communications, Webex meetings, and frequent onsite visits, ensuring accountability and uniformity across facilities.

Site observations further reinforced the integration of PREA requirements into facility operations. Colored PREA audit notices and "How to Report" posters with internal and external reporting information were posted throughout hallways, administrative areas, the school hallway, and housing wings. Reporting instructions were clearly displayed near inmate telephones, ensuring accessible avenues for reporting concerns.

(a) The Nebraska Correctional Youth Facility PAQ states the agency Safe Prisons/ PREA Plan mandates zero-tolerance toward all forms of sexual abuse and sexual harassment in the facility it operates and those directly under contract.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 5, section 1. A. 1., states, "NDCS will seek to enhance the prevention of prison sexual abuse/assault and sexual harassment by maintaining a zero-tolerance standard for all sexual assault/abuse and sexual harassment on and by inmates. Protecting inmates and safeguarding communities of prison sexual assault/abuse and sexual harassment is a top priority."

(b) The Nebraska Correctional Youth Facility PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. The position of the PREA Coordinator in the agency's organizational structure is the PREA Captain.

The facility provided a Nebraska Department of Correctional Services Organizational Chart. The organization chart demonstrates the PREA Coordinator is in the agency organizational structure as PREA Captain and reports directly to the Assistant Deputy Director Intelligence & Investigations who reports directly to the agency Director.

(c) The Nebraska Correctional Youth Facility PAQ states the facility has designated a PREA Compliance Manager. The PREA Compliance Manager has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards.

The facility provided a NCYF Organizational Chart demonstrating the Unit Administrator / PREA Compliance Manager reports directly to the Assistant Warden.

|  |   |
|--|---|
|  | <p>The facility exceeds the requirements of the standard by embedding PREA principles into daily routines, maintaining highly visible and accessible reporting information, and fostering a facility culture where inmates and staff consistently demonstrate strong awareness, professionalism, and accountability. The combination of clear communication, proactive engagement by staff, consistent oversight by the PREA Coordinator, and positive inmate and staff experiences reflects a level of commitment that goes beyond compliance and reinforces a safe, respectful, and prevention-focused environment.</p> |

throughout the facility. Rounds are noted in red ink, at different times on each shift with the Lieutenant and or supervisory staff signature or initials.

(a) The Nebraska Correctional Youth Facility PAQ states the agency requires the facility to develop, document and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect inmates against abuse. Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of inmates is 72. The average daily number of inmates on which the staffing plan was predicted is 72.

The facility provided a Nebraska Correctional Youth Facility Annual Review of Staffing Assignment and Video Monitoring plan. The document documents the following components.

- a. Generally accepted adult correctional institution practice.
- b. Any judicial findings of inadequacy.
- c. Any findings of inadequacy from federal investigative bodies.
- d. Any findings of inadequacy from internal or external oversight bodies.
- e. All components of the facility's physical plant, (including blind spots or areas where team members or inmates may be isolated.)
- f. The composition of the resident population (i.e.-gender rations, risk/need of residents, physical size, Sexual Aggressive Behavior (SAB), Vulnerability to Victimization (VV).
- g. The number and placement of supervisory staff.
- h. Programs occurring on shifts.
- i. Any applicable state or local laws, regulations or standards.
- j. The prevalence of substantiated and unsubstantiated incidents of sexual abuse.
- k. Any other relevant factors.

The plan is signed and dated by the PREA Compliance Manager, facility Warden and the agency PREA Coordinator.

(b) The Nebraska Correctional Youth Facility PAQ states each time the staffing

plan is not complied with, the facility documents and justifies deviations. The PAQ states, "no deviations from staffing plans."

(c) The Nebraska Correctional Youth Facility PAQ states at least once every year that the facility/agency, in collaboration with the PREA coordinator, reviews the staffing plan to whether adjustments are needed in (a) the staffing, (b) the deployment of monitoring technology, or (c) the allocation of agency/facility resources to commit to the staffing plan to ensure compliance with the staffing plan. The facility completes a staffing plan annually to ensure continued compliance with each required element.

(d) The Nebraska Correctional Youth Facility PAQ states the facility requires that intermediate level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 8, section 3., states, "Each facility shall implement a policy and practice of having intermediate-level and higher-level supervisors conduct and document unannounced rounds, on all shifts, to identify and deter team members from sexual abuse/assault and sexual harassment. Specific expectations are detailed in facility written procedures.

Team members are strictly prohibited from alerting other team members that these supervisory rounds are occurring, unless such announcement is related to the legitimate operational functions of the facility.

On an annual basis each facility compliance manager will complete an annual PREA assessment based on data from the previous calendar year. This assessment will be submitted to the captain/PREA coordinator on or before February 1st each year."

The facility provided Housing Unit Log Book entries throughout the last 12 months demonstrating unannounced rounds documenting the time and date by Sergeants, Lieutenants, and Captains with the comment 'Area Check" in red ink.

The facility exceeds the requirements of the standard by demonstrating consistent and well-documented implementation of unannounced supervisory rounds. The Acting Unit Administrator and Lieutenants conduct and document rounds routinely, ensuring camera views remain unobstructed, staff remain alert, and inmate

|  | <p>interactions are professional. Administrative and supervisory staff actively engage with inmates and employees during rounds, promoting approachability and transparency. The Warden, PREA Coordinator, and PREA Compliance Manager collaborate annually to review staffing assignments and video monitoring plans, confirming systems are in place to identify and address safety or coverage concerns. The ongoing oversight and clear documentation of rounds reflect a proactive, engaged leadership culture that goes beyond compliance and demonstrates a sustained commitment to inmate safety and staff accountability.</p> |

Youthful inmates who are placed in the SAME HOUSING UNIT as adults have sight, sound, or physical contact with any adult inmate through use of shower area, sleeping quarters, shared dayroom, or other common space. The PAQ states, NCYF has a 17 and under unit.”

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 8, section D. PREA Standard Secure Facility Youthful Inmates 1.-3., states,

1. “A youthful inmate shall not be placed in a housing unit in which he or she will have sight, sound or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area or sleeping quarters.

a. In areas outside of housing units, agencies shall either:

1) Maintain sight and sound separation between youthful inmates and adult inmates, or

2) Provide direct team member supervision when youthful inmates and adult inmates have sight, sound or physical contact.

2. All best efforts must be made and documented to avoid placing youthful inmates in restrictive housing to comply with the standard.

3. Absent exigent circumstances, youthful inmates shall not be denied daily large muscle exercise, any legally required special education services, programs and work opportunities. In the event the above-mentioned criteria has been denied the facility shall document the reason for denial.”

(b) The Nebraska Correctional Youth Facility PAQ states the facility maintains sight, sound, and physical separation between youthful inmates and adult inmates in areas outside housing units. Policy compliance can be found in provision (a) of this standard.

(c) The Nebraska Correctional Youth Facility PAQ states the facility documents the exigent circumstances for each instance in which youthful inmates' access to large-

Site Observation:

During the tour, the search area in the intake unit was observed to be behind cell doors, with one staff member positioned at the door frame while conducting the search. Personnel demonstrated awareness not to enter the area while searches are taking place.

During the tour, housing units were observed to have a three-quarter swinging door at the entrance to the single shower. Each double-bunk cell was equipped with a toilet and sink. Both the shower and cell layouts allow for privacy while showering, changing clothes, and toileting.

(a) Nebraska Correctional Youth Facility PAQ states the facility does not conduct cross-gender strip or cross-gender visual body cavity searches of their Inmates. In the past 12 months zero cross-gender strip or cross-gender visual body cavity searches of inmates.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 8, section E. 1., states, "Team members shall not conduct cross-gender safety searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners. All cross-gender safety searches and cross-gender visual body cavity searches will be documented in an Incident Report. The report shall be maintained by the facility PREA compliance manager.

(b) Nebraska Correctional Youth Facility PAQ states this standard is not applicable as females are not housed at the Nebraska Correctional Youth Facility.

(c) Nebraska Correctional Youth Facility PAQ states the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches be documented and justified. Policy compliance can be found in provision (a) of this standard.

(d) Nebraska Correctional Youth Facility PAQ states the facility has implemented policies and procedures that enable Inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies

and procedures require staff of the opposite gender to announce their presence when entering an inmate housing unit. The PAQ states, “no exigent circumstances that would require deviance from the standards.”

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 9, section E. 3., states, “In order to enable inmates to shower, perform bodily functions and change clothing without nonmedical team members of the opposite gender viewing their breasts, buttocks or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks, all team members of the opposite gender will announce their presence when entering an inmate housing unit. Written notice to inmates shall be posted prominently in all units indicating team members of the opposite gender may be present at any time.

It is also necessary to make a verbal announcement when a team member of the opposite gender is assigned to work on an inmate housing unit or when a team member of the opposite gender enters an inmate housing unit where inmate sleeping/showering quarters are located. For example, if a female team member is assigned to a male housing unit for the duration of a shift, an announcement at the beginning of the shift is required regarding to that person’s presence. When the female leaves the unit and returns an announcement of a female present must be made upon return to the unit. In addition, any time an opposite gender team member who is not assigned to that unit enters an area of the housing unit where inmate sleeping/showering quarters are located, a verbal announcement of their presence must be made. The announcement shall be made in such a manner that is most likely to be heard, such as the intercom system, and shall make it clear that a team member of the opposite gender has entered the unit (appropriate language includes but is not limited to “A male/female team member is on the floor/unit.”). In the event of exigent circumstances (i.e., a medical emergency, inmate altercation, inmate/team member assault, etc.) the announcement of cross gender team members is not necessary.”

(e) The Nebraska Correctional Youth Facility PAQ states the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex Inmate for the sole purpose of determining the Inmate’s genital status. Such searches have not occurred in the past 12 months.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 9, section E. 4., states, “NDCS shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate’s genital status. If an inmate’s genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records or, if necessary, by

|  | <p>learning that information as part of a broader medical examination conducted in private by a medical practitioner.</p> <p>(f) The Nebraska Correctional Youth Facility PAQ states 100% of security staff at each facility receive training on conducting cross-gender pat-down searches and searches of transgender and intersex Inmates in a professional and respectful manner consistent with security needs.</p> <p>Based on the review of documentation, observations, and interviews, the facility meets the standard requirements.</p> |

Interviews with one cognitively delayed inmate, one hearing-impaired inmate, two limited English proficient (LEP) inmates (one who utilized an interpreter), and two youthful inmates demonstrated each was aware of the definition of PREA and understood how and to whom to report sexual harassment, sexual abuse, or retaliation. Inmates stated they were provided PREA information upon arrival to the facility in a language and format they could understand. The LEP inmate who completed the interview confirmed he received PREA information in Spanish.

The interview with the Unit Case Manager demonstrated each youth receives PREA education in a one-on-one setting to ensure comprehension and to allow for individualized discussion. When a youth appears to have language limitations, an interpreter is incorporated. When a youth appears to be cognitively delayed, mental health personnel are involved to support understanding and reinforce key concepts.

The interview with the Deputy Assistant Director demonstrated disabilities are identified during the intake process and corresponding accommodations are implemented. Developmentally delayed inmates are housed in single cells and provided intensive mental health services. Geriatric inmates are moved to a designated ward, and ADA placements are determined through the facility's classification process for handicapped individuals. PREA information is communicated verbally and in writing, and the facility provides access to TTY, translation lines, and on-site interpreters to ensure accessibility for all inmates.

#### Site Observation:

During the tour English and Spanish reporting posters were observed in each housing unit. Contact information for internal and external reporting entities were observed to be near inmate phones and inmates were able to demonstrate how the grievance application could be accessed on their tablets.

(a) The Nebraska Correctional Youth Facility PAQ states the agency has established procedures to provide disabled inmates equal opportunities to be provided with and learn about the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 10, section F. 1., states, "Information will be provided in formats accessible to all inmates, including those who are deaf or hard of hearing, visually impaired or otherwise disabled; those who have intellectual, psychiatric or speech disabilities; as well as to inmates who have limited reading skills and who are limited English

proficient.”

The facility provided an Americans with Disabilities Act (ADA) Pre-Service PowerPoint. The PowerPoint includes the following learning objectives.

- The Purpose of the ADA
- NDCS Policies
- Identify who is protected?
- Major Life Activities
- What Constitutes a Disability?
- Title I – Employment

5. Nebraska Department of Correctional Services, Team Member Selection Policy, dated 7.31.2024
6. Human Resource Database Report

Interviews:

1. Human Resource Assistant

The interview with the Human Resource Assistant demonstrated all applicants and contractors must pass a criminal history background check before being granted access to inmates and again during the promotion process. The Human Resource Assistant stated the Central Office provides each facility with an annual list identifying employees due for five-year criminal background checks.

The Human Resource Assistant further stated applicants who have been involved in a sexual harassment incident may be considered for employment only after review and approval from the Central Office. All applicants and contractors complete administrative adjudication questions during both the hiring and promotion processes. She also stated the agency maintains an affirmative duty policy requiring immediate reporting by employees, and she completes institutional reference checks on applicable applicants and past employees when requested.

Site Observation:

Utilization of the PREA Audit Adult Prison & Jail Documentation Review Employee File/ Records template demonstrated 20 of 20 employee files, as well as two volunteer and two contractor files, contained documentation of criminal background checks completed upon hire and every five years thereafter. The facility was able to demonstrate administrative adjudication questions were completed during the hiring and promotion processes, and institutional reference checks were requested and completed for applicable applicants.

(a) The Nebraska Correctional Youth Facility PAQ states the agency policy prohibits hiring or promoting anyone who may have contact with inmates and prohibits enlisting the services of any contractor who may have contact with inmates who: (1) Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); (2) Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or (3) Has been civilly or administratively adjudicated to have engaged in the activity described in paragraph (a)(2) of this section.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 10, section G., states, "NDCS shall not hire, promote or enlist the services of any contractor who may have contact with inmates who has engaged in sexual/assault in a prison, jail, lockup, community confinement facility, juvenile facility or other institution; who has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, coercion or if the victim did not consent or was unable to consent; and/or who has been civilly or administratively adjudicated to have engaged in such activity. Any incidents of sexual harassment will be taken into consideration. Refer to Policy 112.03 Team Member Selection Policy, for additional details regarding the hiring and promoting processes."

(b) The Nebraska Correctional Youth Facility PAQ states agency policy requires the consideration of any incidents of sexual harassment when determining to hire and or promote anyone, or to enlist services of any contractor, who may have contact with inmates. Policy compliance can be found in provision (a) of this standard.

(c/f/h) The Nebraska Correctional Youth Facility PAQ states agency policy requires that before it hires any new employees who may have contact with inmates, it (a) conducts criminal background record checks, and (b) consistent with federal, state, and local law, makes its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. In the past 12 months, the number of persons hired who may have contact with inmates who have had criminal background record checks was 12. Policy compliance can be found in provision (a) of this standard.

(d) The Nebraska Correctional Youth Facility PAQ states the agency policy requires that a criminal background records check be completed before enlisting the services of any contractor who may have contact with inmates. In the past 12 months there

## Auditor Discussion

### Document Review:

1. Nebraska Correctional Youth Facility PAQ
2. Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, dated 7.31.2024
3. Nebraska Sexual Assault Protocol, dated 2019
4. Nebraska Statute 81-1429.03.
5. Nebraska Department of Correctional Services Memorandum, RE: Community Hospital MOU, dated 9.8.2025
6. Advocacy Attempt Memorandum, dated 12.11.2024

### Interviews:

1. Administrative Nurse
2. Associate Director of Nursing

The interview with medical staff demonstrated both are aware of the signs and symptoms of sexual abuse and would immediately report any concerns to custody staff while remaining with the victim to ensure safety until custody personnel arrive. The Administrative Nurse stated forensic exams are performed at the Women's Methodist Medical Center and that this information is included in the facility's nursing protocols.

### Site Observation:

The facility has not experienced a sexual assault allegation or had a need for a forensic medical exam in the past 12 months.

(a) The Nebraska Correctional Youth Facility PAQ states the facility is responsible for conducting administrative sexual abuse investigations (including inmate-on-inmate sexual abuse or staff sexual misconduct). The agency/facility is not responsible for conducting criminal sexual abuse investigations (including inmate-on-inmate sexual abuse or staff sexual misconduct). If another agency has responsibility for conducting either administrative or criminal sexual abuse investigations, the name of the agency that has responsibility is the Nebraska State Patrol.

(b) The Nebraska Correctional Youth Facility PAQ states the protocol is not developmentally appropriate for youth. The protocol was adapted from or otherwise based on the most recent edition of the DOJ's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011.

The facility provided a Nebraska Medical Sexual Assault Protocol, Nebraska Attorney General's Office. The protocol speaks to the following information.

- Definitions
- Nebraska Statutes Relating to Sexual Assault
- Statute of Limitations
- Trauma Informed Care
- Nebraska Sexual Assault Kit and Reimbursement
- Evidence Collection Steps

(c) The Nebraska Correctional Youth Facility PAQ states the facility offers all inmates who experience sexual abuse access to forensic medical examinations. Forensic examinations are offered at no cost to the victim. Where possible, all examinations are conducted by SAFE or SANE examiners. The number of forensic exams conducted during the past 12 months is zero.

The facility provided the Nebraska Statute 81-1429.03, which states, "The full out-of-pocket cost or expense that may be charged to a sexual assault victim in connection with a forensic medical examination shall be paid from the Sexual Assault Payment Program Cash Fund. A report of a forensic medical examination shall not be remitted to the patient or his or her insurance for payment."

The facility provided a Nebraska Department of Correctional Services Memorandum from the Captain / PREA Coordinator to the PREA Auditor, regarding the Community Hospital MOU 115.21, stating, "NDCS has not had a Memorandum of Understanding with the community hospital since 2016. This is due to the Community Hospitals that we utilize are required to have a SANE program that consists of SANE nurses that are available to conduct the SANE examinations. The State Sane Coordinator conducts the training for all Nebraska Hospitals.

(d) The Nebraska Correctional Youth Facility PAQ states the facility attempts to make a victim advocate from a rape crisis center available to the victim, in person or by other means. All efforts are documented. If a rape crisis center is not available to provide victim advocate services, the facility provides a qualified staff or community member. The PAQ states, "NDCS currently does not have a MOU with a rape crisis center. However, when the inmate goes the community hospital for a SANE examination the hospital contacts a victim advocate to be present."

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 11, section I., states, "A forensic examination shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. This person shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general. The facility will document efforts to provide SAFEs or SANEs on the Facility Checklist for Incidents of Sexual Assault/Abuse.

In the event that an inmate is sent to the community hospital for a SANE examination, the facility shift supervisor will ask the inmate if they would like a victim advocate present at the hospital for support through the SANE examination. If the inmate indicates that they would like a victim advocate present, the facility shift supervisor will notify the hospital that a victim advocate was requested and will document on the Facility Checklist for Incidents of Sexual Assault/Abuse. The hospital will contact an advocate from a rape crisis center to be present. If an advocate is not available to provide victim advocate services, the facility shall make available a qualified individual from a community-based organization or qualified agency team member. This person shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual abuse/assault and forensic examination issues in general.

As requested by the victim, the victim advocate, qualified agency team member or qualified community-based organization staff member shall accompany and support the victim through the forensic examination process and investigatory interviews and shall provide emotional support, crisis intervention information and referrals.

If requested by the victim, he or she will be allowed to contact his or her emergency contact or an immediate family member via a team member assisted telephone call. (a) The Nebraska Correctional Youth Facility PAQ states the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment (including inmate-on-inmate sexual abuse and staff sexual misconduct). In the past 12 months the facility has had four allegations of sexual abuse and sexual harassment that were received. In the past 12 months, the number of allegations resulting in an administrative investigation was four. In the past 12 months, the number of allegations referred for criminal investigation was zero.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 11-12, section J, states, "NDCS shall ensure that an administrative or criminal investigation is completed for all allegations of sexual assault/abuse and sexual harassment, including third party and anonymous reports, in a prompt, thorough and objective manner. Any outside entities responsible for conducting administrative or criminal investigations of sexual assault/abuse and sexual harassment shall have in place a policy governing the conduct of such investigations that complies with PREA standards and shall provide training pertaining to the investigation of sexual assault/abuse and sexual harassment in confinement settings to the NDCS criminal investigators and agency investigators who conduct such investigations. When outside agencies investigate sexual assault/abuse and sexual harassment, NDCS shall cooperate with outside investigators and endeavor to remain informed about the progress of the investigation."

(b-c) The Nebraska Correctional Youth Facility PAQ states the agency has policy that requires allegations of sexual abuse or harassment to be referred for investigation to an agency with the legal authority to conduct criminal investigations.

Interviews:

1. Volunteers (2)

Interviews with a contractor and volunteers demonstrated each receives annual education on the agency's zero-tolerance policy. All interviewees expressed a clear understanding of reporting requirements and stated they would remain with an inmate who disclosed sexual harassment, sexual abuse, or retaliation to ensure the individual's safety. One volunteer shared that NDCS provides a positive and supportive environment for her work with clients, stating that "the work being done here is really hopeful and leadership-wise, a lot of things are going right with people who care and want to see inmates thrive."

Site Observation:

Utilization of the PREA Audit Adult Prison & Jail Documentation Review Employee File/ Records Review template demonstrated both the contractor and each volunteer had completed training on the agency's zero-tolerance policy in 2024 or 2025.

(a) The Nebraska Correctional Youth Facility PAQ states all volunteers and contractors who have contact with Inmates have been trained on their responsibilities under the agency's policies and procedures regarding sexual abuse and harassment prevention, detection, and response. There are a total of nine contract staff and 205 volunteers who have contact with inmates who have completed the required training.

(b) The Nebraska Correctional Youth Facility PAQ states the level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with inmates. All volunteers and contractors who have contact with inmates have been notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents.

(c) The Nebraska Correctional Youth Facility PAQ states the agency maintains documentation confirming that the volunteers and contractors understand the training they have received.

Site Observation:

Utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File/ Records Review template demonstrated 16 of 16 inmate files verified admission within the past 12 months. All 16 reflected completion of PREA education within three days of entering the facility.

(a) The Nebraska Correctional Youth Facility PAQ states Inmate receives information at time of intake about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment. The number of inmates admitted in the past 12 months who were given this information at intake was 72.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 13-14, section M. 1-2, state,"

(b) The Nebraska Correctional Youth Facility PAQ states the number of those inmates admitted during the past 12 months (whose length of stay in the facility was for 30 days or more) who received comprehensive education on their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents within 30 days of intake was nine. Policy compliance can be found in provision (a) of this standard.

(c) The Nebraska Correctional Youth Facility PAQ states of those who were not educated during 30 days of intake, all inmates have been subsequently educated. Agency policy requires that inmates who are transferred from one facility to another be educated regarding their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents, to the extent that the policies and procedures of the new facility differ from those of the previous facility.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 14, section M. 3, states, "Information will be provided in formats accessible to all inmates, including those who are deaf or hard of hearing, visually impaired or otherwise disabled; those who have intellectual, psychiatric or speech disabilities; as well as to inmates who have limited reading skills and who are limited English proficient."

4. Nebraska Inmate Case Management System PREA Assessment

Interviews:

1. Random Inmates
2. Targeted Inmates
3. Acting Unit Administrator
4. Captain / PREA Coordinator

Interviews with 16 inmates demonstrated they recalled being asked risk screening questions related to their criminal history, prior sexual abuse, gender identity, and any safety concerns upon entering the facility. Inmates stated these questions were asked during intake, again by medical and mental health staff, and once more by their case manager within the first month of arrival.

The interview with the Acting Unit Administrator demonstrated the intake team, including medical and mental health practitioners, conducts a “round robin” of assessments for all new admissions, each in a private one-on-one setting. The PREA risk screening assesses prior sexual victimization or perpetration, whether the abuse occurred in an institutional setting, whether the victim was a child or adult, and how each inmate identifies. Screenings are completed within 72 hours—typically on the day of intake—again within 30 days of arrival, and any time new information is received or an incident of sexual abuse occurs.

The interview with the PREA Coordinator demonstrated that only the diagnostic centers have access to the complete inmate risk assessment.

Site Observation:

Utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File/ Records Review template demonstrated 14 of the 16 inmates interviewed had been admitted into the program within the past 12 months. Of those 14 inmates, all had completed risk assessments within 72 hours of intake, and 12 had completed follow-up risk screenings within 30 days of admission. The agency identified that the two missing follow-up assessments were due to data migration issues when the new database was implemented.

(a) The Nebraska Correctional Youth Facility PAQ states the facility has a policy that requires screening, upon admission or transfer, for risk of sexual abuse victimization or sexual abusiveness toward other inmates.

Nebraska Department of Correctional Services, Identification of Potential Aggressors and Victims / Survivors, Policy 201.03, page 2, section 1., states, "All inmates shall be assessed during an intake screening at reception facilities and upon each transfer to another facility for their risk of being sexually assaulted, sexually abused or sexually harassed by other inmates and/or their potential to be sexually abusive or sexually harassing toward other inmates. This screening shall take place within 72 hours of arrival at the facility and be conducted using an objective screening instrument. NDCS shall implement appropriate controls on the dissemination of this information within facilities in order to ensure sensitive information is not exploited to an inmate's detriment by staff or other inmates."

(b) The Nebraska Correctional Youth Facility PAQ states the number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 72 hours or more) who were screened for risk of sexual victimization or risk of sexually abusing other inmates with 72 hours of their entry into the facility was nine. Policy compliance can be found in provision (a) of this standard.

(c-e) The Nebraska Correctional Youth Facility PAQ states the facility conducts risk assessments by using an objective screening instrument. The facility does not house inmates solely for civil immigration purposes.

The facility provided computer screen prints of the agency PREA risk assessment.

(f) The Nebraska Correctional Youth Facility PAQ states the policy requires that the facility reassess each inmate's risk of victimization or abusiveness within a set time period, not to exceed 30 days after the inmate's arrival at the facility, based upon any additional, relevant information received by the facility since the intake screening. The number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 30 days or more) who were reassessed for their risk of sexual victimization or of being sexually abusive with 30 days after their arrival at the facility based upon any additional relevant information received since intake was nine. Policy compliance can be found in provision (a) of this standard.

(g) The Nebraska Correctional Youth Facility PAQ states the policy requires that an inmate's risk level be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

Nebraska Department of Correctional Services, Identification of Potential Aggressors and Victims/Survivors, page 6, section V., states, "REASSESSMENTS USING THE PREA SCREENING ASSESSMENT (PREA standard Secured facilities 115.41g/ Community facility 15.241g)

The PREA screening assessment should be reviewed and a new PREA screening assessment must be completed as necessary by designated unit management team members when warranted due to a request, bi-annual transgender review and after a significant incident of sexual assault/abuse or sexual harassment or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness. Each PREA screening assessment will be posted to NICaMS Data Entry and Inquiry. For tracking purposes, a new entry shall be made rather than editing a previous entry. Significant Incidents include:

- A. Involved in an allegation of sexual assault or sexual abuse.
- B. After a substantiated or unsubstantiated sexual assault or sexual abuse allegation. An inmate discloses a change to their gender identity or sexual orientation.
- C. An inmate turns the age of 65.
- D. An inmate becomes disabled such as a wheelchair, deaf or blind.
- E. A clinician reports the decline in an inmate's mental health.
- F. An inmate is charged with a new crime that includes a sexual assault.

2. Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, dated 7.31.2024

Interviews:

1. Warden

The interview with the Warden demonstrated protective custody is only used in cases of an immediate safety concern; however, segregated housing is never utilized at the facility for any reason. The Warden stated victims are kept separate from their perpetrators through central monitoring and other protective measures, ensuring safety without reliance on isolation.

(a) The Nebraska Correctional Youth Facility PAQ states the agency has a policy prohibiting the placement of inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is not available alternative means of separation from likely abusers. The number of inmates at risk of sexual victimization who were held in involuntary segregated housing the past 12 months for one to 24 hours awaiting completion of assessment was zero.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 16, section R. 1., states, "Inmates at high risk for sexual victimization and those alleged to have suffered sexual assault/abuse shall not be placed in involuntary restrictive housing unless an assessment of all available alternatives has been conducted and a determination has been made there is no available alternative means of separation from likely abusers.

If unable to conduct this assessment immediately, the inmate may be held in involuntary restrictive housing (immediate segregation) for less than 24 hours while the assessment is completed."

(c) The Nebraska Correctional Youth Facility PAQ states the number of inmates at risk of sexual victimization who were assigned to involuntary segregated housing in the past 12 months, for longer than 30 days while awaiting alternative placement was zero.

|  | <p>(d) The Nebraska Correctional Youth Facility PAQ states from a review of case files of inmates at risk of sexual victimization who were held in involuntary segregated housing in the past 12 months, the number of case files that include BOTH (a) a statement of the basis for facilities concerns for the inmate's safety, and (b) the reason or reason why alternative means of separation could not be arranged was zero.</p> <p>(e) The Nebraska Correctional Youth Facility PAQ states if an involuntary segregated housing assignment is made, the facility affords each such inmate a review every 30 days to determine whether there is a continuing need for separation from the general population.</p> <p>Based on the review of documentation, observations, and interviews, the facility meets the standard requirements.</p> |

1. Random Inmates
2. Targeted Inmates
3. Corporals

Formal and informal interviews with inmates demonstrated each was aware of the available reporting options. Inmates stated they could report through their tablets, by writing a kite, reporting to a staff member they trust, calling the Ombudsman or the PREA hotline, and could report anonymously or through a third party.

Interviews with Corporals demonstrated they would accept and report any allegation received, regardless of the source.

Site Observation:

During the tour, the PREA hotline was tested from inmate phones, and the call connected immediately. A message was left on the voicemail, and the PREA Coordinator demonstrated the message was received on her cell phone. In addition, a call was attempted by using the speed-dial function 01# and the call could not be connected. Upon further investigation it was found there was an issue with the state calling system.

Post audit, the facility provided a memorandum from the NCYF Warden addressed to the DOJ PREA Auditor with the following information. "The speed-dial function and number (01#) for incarcerated individuals to the contact the Office of the Public Counsel (State Ombudsman) by using the Inmate Calling System (ICS) the Nebraska Correctional Youth Facility (NCYF) has been repaired and is currently functioning. The proper way to contact the ombudsman's office has been posted to the inmate tablets."

Post audit the facility provided a tablet notification to inmates with the following information. "Proper way to contact the Ombudsman Office - To contact the office of Public Counsel (Ombudsman) either by the phone in your unit or by tablet you will need to enter your Incarcerated Individual Pin# and then utilized speed dial 01#. This call is free of charge and has the same duration limits and confidentiality as attorney/client calls, and are not recorded by ICS equipment."

(a) The Nebraska Correctional Youth Facility PAQ states the agency has established procedures allowing for multiple internal ways for inmates to report privately to agency officials about: (a) sexual abuse or sexual harassment; (b) retaliation by other inmates or staff for reporting sexual abuse and sexual harassment; and (c) staff

neglect or violation of responsibilities that may have contributed to such incidents.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 17, section S. 1., states, "Inmates shall be provided with multiple ways to privately report sexual assault/abuse, sexual harassment, and retaliation by other inmates or staff for reporting sexual assault/abuse, sexual harassment, staff neglect and/or violation of responsibilities that may have contributed to such incidents.

- a. Inmates may verbally report the incident to any staff member.
- b. Inmates may utilize the established hotline number (855-623-7360) to report an allegation anonymously. This number shall be included on all inmates Inmate Calling System (ICS) automatically. The number is a generic pin for all inmates 0-111-111-111 and speed dial 08#. These calls shall not be subject to monitoring. Upon receipt of a voice message, a system generated email is forwarded to the captain/PREA coordinator. See How To Dial Hotlines (Attachment C) for directions on dialing the PREA Hotline.
- c. Inmates may report the incident in writing on an Inmate Interview Request or Grievance form."

(b) The Nebraska Correctional Youth Facility PAQ states facility provides at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency. The agency has a policy requiring inmates detained solely for civil immigration purposes be provided information on how to contact relevant consular officials and relevant officials of the Department of Homeland Security. Policy compliance can be found in provision (a) of this standard. The PAQ states, "the inmate population can contact the Ombudsman's office if they chose too. the Ombudsman's office is set up as a speed dial on the inmates calling system."

The facility provided a NDCS Zero Tolerance Posting which includes the following information.

- Reports can be made anonymously.
- Report to any staff, volunteer, contractor, medical or mental health staff.
- Report to the PREA coordinator or PREA compliance manager.
- Call the Ombudsman's office 01#
- You can tell a Family member, friend, legal counsel, or anyone else outside the facility, and they can report on your behalf by calling (855) 623-7360.
- You can call the PREA hotline PIN:0-111-111-111 speed dial 08#

The facility provided a memorandum regarding 'reporting methods for inmates detained solely for immigration', stating, "The Nebraska Department of Correctional Services does not house or detain inmates solely for the purpose of civil immigration. All inmates are sentenced before placement in NDCS custody. NDCS does house county safe keepers that come from county jails they are placed in intake/reception due to the needs of a 90 day mental health evaluation or behavior concerns while in county custody."

(c) The Nebraska Correctional Youth Facility PAQ states the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties. Staff are required to document verbal reports.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section 17. 4., states, "Staff will accept all reports made verbally, in writing, anonymously, from other inmates and from third parties outside NDCS. Verbal reports will be promptly documented."

(d) The Nebraska Correctional Youth Facility PAQ states the agency has established procedures for staff to privately report sexual abuse and sexual harassment of inmates.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section 17. 4., states, "Staff have the option of privately reporting sexual assault/abuse and sexual harassment of inmates and retaliation against inmates and staff by directly notifying the captain/PREA coordinator (402-479-5660) or utilizing the established hotline number (855-623-7360)."

The facility provided slides 95 and 97 from the agency PREA training PowerPoint demonstrating employees are provided internal ways to report and a hotline number of 855.623.7360 as well as information on affirmative duty.

The facility provided a NCYF Investigative Case Log Report demonstrating the following is documented when a report is received for sexual harassment or sexual abuse.

through the application on their tablets.

The interview with the PREA Compliance Manager demonstrated grievances are submitted electronically through inmate tablets and are automatically forwarded to both the PREA Compliance Manager and the PREA Coordinator, who monitor each PREA-related grievance. The system records the grievance from submission through resolution, ensuring timely response and accountability.

Site Observation:

During the onsite review, the agency grievance database was examined. The facility demonstrated the database tracks the inmate's name, date, time, grievance details, actions taken, and closure date, providing comprehensive documentation of the grievance process.

(a) The Nebraska Correctional Youth Facility PAQ states the agency has an administrative procedure for dealing with Inmate grievances regarding sexual abuse.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 18, section T., states, "Inmates will not be disciplined for filing a grievance related to alleged sexual assault/abuse or sexual harassment unless the facility demonstrates the grievance was deliberately filed in bad faith.

NDCS does not impose a time limit on when an inmate may submit a grievance regarding an allegation of sexual assault/abuse or sexual harassment. Applicable time limits to any portion of a grievance that does not allege an incident of sexual assault/abuse or sexual harassment will be followed per policy.

An inmate is not required to use any informal grievance process (i.e., an inmate may submit a Step I Grievance without an Informal Grievance attached) or otherwise attempt to resolve an alleged incident of sexual assault/abuse or sexual harassment with staff. An inmate who alleges sexual assault/abuse or sexual harassment may file a grievance without submitting it to a staff member who is the subject of the complaint. A grievance will not be referred to a staff member who is the subject of the complaint.

A final response to the grievance will be issued within 90 days of the initial filing. This does not include time consumed by inmates preparing an administrative appeal. An

extension of up to 70 days may be requested if there is insufficient time to make an appropriate decision. Inmates will be notified in writing of the extension and be provided a date by which the decision will be made. If the inmate does not receive a response or notification of an extension, he or she may consider the absence of a response to be a denial at that level.

An inmate may also file an emergency grievance if he or she feels there is a substantial risk of imminent sexual abuse/assault.

The emergency grievance will immediately be forwarded to the shift supervisor, who will take immediate corrective action. An initial response shall be provided within 24 hours and a final decision will be issued within five calendar days. The initial response and final decision will serve as documentation determining whether the inmate is at substantial risk of imminent sexual abuse/assault and the action taken in response to the emergency grievance.”

(b) The Nebraska Correctional Youth Facility PAQ states agency policy or procedure allows an inmate to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred. Policy compliance can be found in provision (a) in this standard.

(c) The Nebraska Correctional Youth Facility PAQ states the agency’s policy and procedure allows an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. The agency’s policy and procedure require that an inmate grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint. Policy compliance can be found in provision (a) in this standard.

(d) The Nebraska Correctional Youth Facility PAQ states the agency’s policy and procedures that require a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. In the past 12 months there have been zero grievances filed alleging sexual abuse or sexual harassment.

(e) The Nebraska Correctional Youth Facility PAQ states agency policy and procedure permit third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and to file such

Agency policy and procedure requires that if an inmate declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the inmate's decision to decline. The number of grievances alleging sexual abuse filed by inmates in the past 12 months in which the inmate declined third-party assistance, containing documentation of the inmate's decision to decline was zero. Policy compliance can be found in provision (a) of this standard.</p> <p>(f) The Nebraska Correctional Youth Facility PAQ states the facility has a policy and established procedures for filing an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. The facilities policy and procedures for emergency grievances alleging substantial risk of imminent sexual abuse require an initial response within 48 hours. The facilities policy and procedure for emergency grievances alleging substantial risk of imminent sexual abuse require that a final agency decision be issued within five days. The number of emergency grievances alleging substantial risk of imminent sexual abuse that were filed in the past 12 months was zero.</p> <p>(g) The Nebraska Correctional Youth Facility PAQ states the facility has a written policy that limits its ability to discipline an inmate for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the Inmate filed the grievance in bad faith. In the past 12 months, there have been zero grievances alleging sexual abuse to occasions where the agency demonstrated that the inmate filed the grievance in bad faith. Policy compliance can be found in provision (a) of this standard.</p> <p>The facility exceeds the requirements of the standard through its efficient, technology-based grievance process that promotes accessibility, transparency, and accountability. The electronic tracking system allows real-time monitoring by both the PREA Compliance Manager and the PREA Coordinator, ensuring prompt responses and thorough documentation. Interviews:

1. Captain / PREA Coordinator

Interviews with the PREA Coordinator demonstrated that inmates are partnered with a facility or agency mental health provider for emotional support services, as the agency has been unable to secure a formal agreement with an outside advocacy organization.

(a) The Nebraska Correctional Youth Facility PAQ states the facility provides inmates with access to outside victim advocates for emotional support services related to sexual abuse by:

- The facility provides inmates with access to such services by giving inmates mailing addresses and telephone numbers (including toll-free hotline numbers where available) for local, state, or national victim advocacy or rape crisis organizations.
- The facility provides inmates with access to such services by giving inmates mailing addresses and telephone numbers (including toll-free hotline numbers where available) for immigrant services agencies for persons detained solely for civil immigration purposes.
- The facility provides inmates with access to such services by enabling reasonable communication between inmates and these organizations in as confidential a manner as possible.
- The PAQ states, "NDCS currently does not have a MOU with a rape crisis center. However, when the inmate goes the community hospital for a SANE examination the hospital contacts a victim advocate to be present."

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 19, section U., states, "NDCS shall maintain or attempt to enter into a memorandum of understanding or other agreements with community service providers that are able to provide inmates with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreement.

In the event that a victim advocate is needed for an incident of sexual assault, the facility shall make available or attempt to make available to the victim a victim advocate from a rape crisis center. If a victim advocate from a rape crisis center is not available to provide victim advocate services, the facility shall make available a qualified staff member from a community-based organization or qualified agency staff member. This person shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general. The facility will document efforts to secure services from rape crisis centers on the Facility Checklist for Incidents of Sexual Assault/Abuse. As requested by the victim, the victim advocate, qualified agency staff member or qualified community-based organization staff member shall accompany and support the victim through the forensic examination process and investigatory interviews and shall provide emotional support, crisis intervention, information and referrals.

If requested by the victim, he or she will be allowed to contact his or her emergency contact or an immediate family member via a staff assisted telephone call. The staff assisted call shall be no longer than 15 minutes in duration. Staff will document the call, or attempted call, on an Incident Report.”

(b) The Nebraska Correctional Youth Facility PAQ states the facility informs Inmates, prior to giving them access to outside support services, the extent to which such communications will be monitored. The facility informs inmates, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply for disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant Federal, State, or local law.

(c) The Nebraska Correctional Youth Facility PAQ states the facility maintains memoranda of understanding with community service providers that are able to provide inmates with emotional support services related to sexual abuse.

The facility provided an Advocacy Attempt Memorandum from the NDCS PREA Coordinator, stating, “NDCS currently does not have a MOU with a rape crisis center. However, when the inmate goes to the community hospital for a SANE examination the hospital contacts a victim advocate to be present.

In the event NDCS enters into a MOU with a RAPE crisis center the below information will be part of the MOU and information will be given to the incarcerated population.”

(a/c-d) The Nebraska Correctional Youth Facility PAQ states the agency requires all staff to report immediately and according to agency policy any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency. The agency requires all staff to report immediately and according to agency policy any retaliation against Inmates or staff who reported such an incident. The agency requires all staff to report immediately and according to agency policy any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 20, section W., states, "All NDCS staff are required to report immediately and according to policy any knowledge, suspicion or information regarding:

Medical and mental health staff are obligated to report sexual assault/abuse and inform inmates of their duty to report and the limitations of confidentiality at the initiation of services.

If the alleged victim is under 18 years old or considered a vulnerable adult, the allegations will be reported to the Department of Health and Human Services under applicable mandatory reporting laws.

Staff shall not reveal any information related to a sexual assault/abuse report to anyone other than to the extent necessary as specified in NDCS policy, to make treatment, investigations, and other security decisions."

## Auditor Discussion

### Document Review:

1. Nebraska Correctional Youth Facility PAQ
2. Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, dated 7.31.2024

### Interviews:

1. Corporals

Interviews with corporals demonstrated each could articulate the steps to be taken in response to an allegation, including separating the victim from the aggressor and ensuring evidence was not disturbed. Corporals stated they would encourage victims not to wash, eat, or drink and would prevent alleged perpetrators from doing so. Corporals further stated that any identified crime scene areas would be secured and monitored by a corporal until administrative or law enforcement personnel provided further instruction.

(a) The Nebraska Correctional Youth Facility PAQ states the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to separate, preserve, protect, collect physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. In the past 12 months, two allegations occurred where an inmate was sexually abused. Of these allegations of sexual abuse in the past 12 months, the number of times the first security staff member responded to the report separated the alleged victim and abuser was two.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 21, section Z. 1. a-b, Initial Response:

a. Upon learning of an allegation an inmate was sexually assaulted, the first security staff member (team members primarily responsible for the supervision and control of inmates, including but not limited to custody, housing unit, mental health, recreation, maintenance, teachers, etc.) to respond to the report shall be required to:

|  |  |
|--|--|
|  | <p>1. Separate the victim and abuser and ensure that the victim is safe.</p> <p>2. Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence.</p> <p>3. Security staff and non-security staff that respond to an incident will request the alleged victim and ensure the alleged abuser not take any actions that could destroy physical evidence, including, as appropriate, washing/showering, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating if the abuse occurred within a time period that allows for evidence collection (120 hours); and notify the shift supervisor immediately.</p> <p>b. Inmate victims of sexual assault or inmates alleging they are victims of sexual assault which occurred within the past 120 hours will be referred immediately, under appropriate security provisions, to a community hospital for initial treatment and gathering of evidence without financial cost to the inmate. All forensic examinations shall be at a community hospital. If it is determined a forensic examination will be conducted department medical staff may provide only emergency medical care prior to transport.”</p> <p>(b) The Nebraska Correctional Youth Facility PAQ states the facility’s’ policy requires that if the first staff responder is not a security staff member, that responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and notify security staff. Of the allegations that an inmate was sexually abused made in the past 12 months, the number of times a non-security staff member was the first responder was two. The PAQ states, “1-to PCM, 1-Case Management.”</p> <p>Based on the review of documentation, observations, and interviews, the facility meets the standard requirements.</p> |

Interviews:

1. Unit Administrator / PREA Compliance Manager

Interviews with the PREA Compliance Manager demonstrated the facility utilizes a Facility Checklist for each incident of sexual abuse or sexual harassment, and each Lieutenant has access to the document information through computer access.

Site Observation:

Review of the facility's Coordinated Response Plan demonstrated clear direction to staff to ensure first responder duties are fulfilled.

(a) The Nebraska Correctional Youth Facility PAQ states the facility developed a written institutional plan to coordinate actions taken in response to an incident of sexual abuse among staff first responders, medical and mental health practitioners, investigators, and facility leadership.

The facility provided a Facility Checklist for incidents of sexual assault, sexual abuse and sexual harassment. The checklist documents the following information.

- Date and time reported
- Date and time of incident
- First staff on Scene with title
- Means of Discovery/Reporting
- Alleged Victim - Name and Number
- Alleged Perpetrator-Name/Number
- Witnesses of the Incident - Name and Number

protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff. The agency designates staff member(s) or charges department(s) with monitoring for possible retaliation. The facility designates the PREA Compliance Manager as the retaliation monitor.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 23, section CC. 1-2., state,

1. “NDCS has an obligation to protect all inmates and team members who report sexual assault/abuse or sexual harassment or cooperate with sexual assault/abuse or sexual harassment investigations from retaliation by other inmates or staff. Examples of acts of retaliation include, but are not limited to, unnecessary discipline, intimidation, unnecessary changes in work or program assignments, unjustified transfers or placements and unjustified denials of privileges or services. The facility PREA compliance manager is responsible for monitoring retaliation against inmates, the captain/PREA coordinator is responsible for monitoring retaliation against staff. Staff who believe they have been subject to retaliation should contact the captain/PREA coordinator in order to initiate retaliation tracking.

2. Once the PREA compliance manager is made aware of an open investigation, the PREA compliance manager shall meet with the victim and begin retaliation tracking. Facilities shall employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse/assault or sexual harassment or for cooperating with investigations.”

(c) The Nebraska Correctional Youth Facility PAQ states the facility monitors the conduct or treatment of inmates or staff who reported sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by inmates or staff. The length of time that the facility monitors the conduct of treatment is 90 days. The facility acts promptly to remedy any such retaliation. The agency/facility continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need. In the past 12 months, the facility has had zero incidents of retaliation.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 23-24, section CC. 3., states, “For at least 90 days following a report of sexual assault/abuse, the agency shall monitor the conduct and treatment of inmates or staff who report sexual assault/abuse and of inmates who were reported to have suffered sexual assault/abuse to determine if there are changes that may suggest possible retaliation by inmates or team members. With the approval of the warden, the PREA compliance manager may designate up to three management positions (Unit Manager, Lieutenant or above) to assist with retaliation monitoring. Allegations or indications of retaliation will be reviewed and documented. been made and a determination has been made that there is no available alternative means of separation from likely abusers. The number of inmates who alleged to have suffered sexual abuse who were held in involuntary segregated housing in the past 12 months for one to 24 hours awaiting completion of assessment was zero.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 16-17, section R. 1-3, state,

1. Inmates at high risk for sexual victimization and those alleged to have suffered sexual assault/abuse shall not be placed in involuntary restrictive housing unless an assessment of all available alternatives has been conducted and a determination has been made there is no available alternative means of separation from likely abusers.

If unable to conduct this assessment immediately, the inmate may be held in involuntary restrictive housing (immediate segregation) for less than 24 hours while the assessment is completed.

2. Inmates who remain in restrictive housing for this purpose shall: Have access to programs, privileges, education and work opportunities to the extent possible.

a. If this access is restricted the facility shall document:

1. The opportunities that have been limited.

2. The duration of the limitations.

3. The reasons for such limitations.

b. Be assigned to involuntary restrictive housing only until an alternative means of separation from likely abusers can be arranged. Such an assignment shall not ordinarily exceed 30 days.

3. Staff shall document the basis of the facility's concern for the inmate's safety and the reason why no alternative means of separation can be arranged if the involuntary restrictive housing assignment is made following a determination that no alternative means of separation exists.

Every 30 days, the facility shall afford each such inmate a review to determine whether there is a continuing need for separation from the general population."

The facility exceeds the requirements of the standard by maintaining inmate safety without the use of segregated housing. The facility's practice of utilizing active

(a-b) The Nebraska Correctional Youth Facility PAQ states the agency/facility has a policy related to criminal and administrative agency investigations.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 24, section EE., states, “NDCS shall ensure that an administrative or criminal investigation is completed for all allegations of sexual assault/abuse and sexual harassment, including third party and anonymous reports, in a prompt, thorough and objective manner. Any outside entities responsible for conducting administrative or criminal investigations of sexual assault/abuse shall have in place a policy governing the conduct of such investigations that complies with PREA standards and shall provide training pertaining to the investigation of sexual assault/abuse in confinement settings to the agents and investigators who conduct such investigations. When outside agencies investigate sexual abuse/assault, NDCS shall cooperate with outside investigators and endeavor to remain informed about the progress of the investigation.”

(h) The Nebraska Correctional Youth Facility PAQ states there have been zero allegations of conduct appeared to be criminal.

(i) The Nebraska Correctional Youth Facility PAQ states the agency retains all written reports pertaining to administrative or criminal investigation of alleged sexual abuse or sexual harassment for as long as the alleged abuser is incarcerated or employed by the agency, plus five years.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 32, section OO. 4.a., states, “Maintenance of Records

(a) The Nebraska Correctional Youth Facility PAQ states the agency has a policy requiring that any inmate who alleges that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation by the agency. The number of criminal and/or administrative investigations of alleged inmate sexual abuse that were completed by the agency/facility in the past 12 months was two. Of the alleged sexual abuse investigations that were completed in the past 12 months, the number of inmates who were notified, verbally or in writing, of the results of the investigation was two.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 27, section GG. 1., states, "Following an investigation into an inmate's allegation that he or she suffered sexual assault/abuse or harassment, the inmate shall be informed as to whether the allegation has been determined to be substantiated, unsubstantiated or unfounded. If NDCS did not conduct the investigation it shall request the relevant information from the Nebraska State Patrol in order to inform the inmate. All notifications or attempts shall be made by the captain/PREA coordinator/ designee and documented. The obligation to report is terminated if the inmate is released from NDCS custody."

The facility provided a NDCS / PREA Post Investigation Resident Notification. This notification documents the following:

- Case number / Date of notification
- Nature of Allegation
- Allegation Category
- Did the victim receive written/verbal/Notice of Investigation?
- Did the investigation include outside agency? If yes, Name of Agency and date notified

- o Victim notified on \_\_\_\_\_ of aggressor (team member or incarcerated individual) convicted
- Finding of investigation
- o Case open with State Patrol
- o Substantiated – allegation was investigated and determined to have occurred
- o Unfounded – allegation was investigated and determined not to have occurred
- o Unsubstantiated – allegation was investigated, and the investigation produced insufficient evidence to make a final determination as to whether or not the event occurred
- Victim Signature/Inmate #/Date/Time
- PREA Compliance Manager signature/Date/Time
- Facility Warden signature/Date/Time
- PREA Coordinator signature/Date/Time

(b) The Nebraska Correctional Youth Facility PAQ states if an outside entity conducts such investigations, the agency requests the relevant information from the investigative entity to inform the Inmate as to the outcome of the investigation. The number of investigations of alleged inmate sexual abuse in the facility that were completed by an outside agency in the past 12 months was zero.

(c) The Nebraska Correctional Youth Facility PAQ states following an inmate’s allegation that a staff member has committed sexual abuse against the inmate, the agency/facility subsequently informs the inmate (unless the agency has determined that the allegation is unfounded) whenever:

- The staff member is no longer posted within the inmate’s unit;
- The staff member is no longer employed at the facility;
- The agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or
- The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.”

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 27, section GG. 2., states, "Inmate allegation against a staff member

Upon completion of the investigation (including the final review) of an inmate's allegation that a staff member has committed sexual assault/abuse against the inmate (unless it is determined the allegation was unfounded), he or she will be informed whenever:

- a. The staff member is no longer posted within the inmate's unit.
- b. The staff member is no longer employed at the facility.
- c. It is learned the staff member has been indicted on a charge related to sexual abuse/assault within the facility.
- d. It is learned the staff member has been convicted on a charge related to sexual abuse/assault within the facility."

(d) The Nebraska Correctional Youth Facility PAQ states following an inmate's allegation that he or she has been sexually abused by another inmate in an agency facility, the agency subsequently informs the alleged victim whenever: the agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility; or the agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 28, section GG. 3., states, "Upon completion of the investigation (including the final review) of an inmate's allegation that another inmate has committed sexual assault/abuse against the inmate, he or she will be informed whenever:

- a. It is learned the alleged abuser has been indicted on a charge related to sexual assault/abuse within the facility.
- b. It is learned the alleged abuser has been convicted on a charge related to sexual assault/abuse within the facility."

(e) The Nebraska Correctional Youth Facility PAQ states the agency has a policy that all notifications to inmates described under this standard are documented. In the past 12 months, there have been four notifications to an inmate, pursuant to this standard. Of those notifications, in the past 12 months, four notifications were documented. Policy compliance can be found in provision (a) of this standard.

|  |   |
|--|---|
|  | <p>The facility exceeds the requirements of the standard by ensuring victims are notified of the outcomes of all sexual abuse investigations, including those determined to be unfounded. Providing written and verbal notifications regardless of case disposition demonstrates transparency, respect for victims' rights, and a commitment to trauma-informed communication. This practice reinforces accountability, promotes trust in the reporting process, and reflects a level of diligence that goes beyond compliance with the standard.</p> |

Interviews with medical and mental health staff demonstrated each receives a medical or mental health referral from custody staff after the intake risk assessment is completed or through their own assessment during intake interviews. Medical and mental health staff stated inmates are to be seen within 14 days of intake; however, those disclosing prior sexual abuse or identifying as perpetrators are seen within 48 hours to ensure timely evaluation and appropriate follow-up care.

(a/c) The Nebraska Correctional Youth Facility PAQ states all Inmates at this facility who have disclosed any prior sexual victimization during a screening pursuant to §115.41 are offered a follow-up meeting with a medical or mental health practitioner. Follow up meetings were offered within 14 days of the intake screening with 100% inmates who disclosed prior victimization during the intake screening. Medical and mental health staff maintain secondary materials, documenting compliance with the above required services.

Nebraska Department of Correctional Services, Mental Health Services Policy 115.23, page 29-30, section KK., states, “f the screening pursuant to PREA Standard 115.41 indicates that a prison/jail inmates has experienced prior sexual victimization, or has perpetrated sexual assault/abuse whether it occurred in an institutional setting or in the community, staff shall ensure that the inmates offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening. During an intake screening the inmate does not report prior victimization and or

Medical and mental health staff shall obtain informed consent from inmates before reporting prior information about sexual victimization that did not occur in an institutional setting, unless the inmate is under 18 years of age.

The facility provided a Nebraska Department of Correctional Services Mental Health PREA Intake Screening form documenting the following.

1. Are you a victim / survivor of sexual abuse?
2. If you ask: Would you like to receive mental health follow up related to that/those experience/s

(b) The Nebraska Correctional Youth Facility PAQ states that all Inmates who have previously perpetrated sexual abuse, as indicated during the screening pursuant to § 115.41, are offered a follow-up meeting with a mental health practitioner. In the past 12 months, the percentage of inmates who have previously perpetrated sexual abuse, as indicated during the screening, who were offered a follow-up meeting with a mental health practitioner was 100%. Policy compliance can be found in provision (a) of this standard.

(d) The Nebraska Correctional Youth Facility PAQ states information related to sexual victimization or abusiveness that occurred in an institutional setting is strictly limited to medical and mental health practitioners. Policy compliance can be found in provision (a) of this standard.

1. Nebraska Correctional Youth Facility PAQ
2. Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, dated 7.31.2024
3. Nebraska Department of Correctional Services Annual PREA Assessment 2024

### Interviews:

1. Captain / PREA Coordinator
2. Deputy Assistant Director / Agency Head

The interview with both the PREA Coordinator and the Deputy Assistant Director demonstrated that each allegation of sexual harassment or sexual abuse is reviewed at both the facility and agency level at the time of the incident. In addition, recommendations for corrective action are reviewed to ensure implementation occurs at the facility and agency level, as appropriate.

(a) The Nebraska Correctional Youth Facility PAQ states the agency reviews data collected and aggregated pursuant to §115.87 to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, and training, including:

- Identifying problem areas;
- Taking corrective action on an ongoing basis; and
- Preparing an annual report of its findings from its data review and any corrective actions for each facility, as well as the agency as a whole.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 33-34, section PP., states, "NDCS shall review data in order to assess and improve the effectiveness of NDCS's sexual assault/abuse prevention, detection and response policies, practices and training by:

- b. Taking corrective action on an ongoing basis
- c. Preparing an annual report of its findings and corrective actions for each facility and NDCS as a whole.

1. These reports shall include a comparison of three years and corrective actions with those from prior years and shall provide an assessment of NDCS's progress in addressing sexual assault/abuse.
2. The reports shall be approved by the director/designee and made readily available to the public through its website.
3. NDCS may redact specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility but must indicate the nature of the material redacted."

(b) The Nebraska Correctional Youth Facility PAQ states the annual report includes a comparison of the current year's data and corrective actions to those from prior years. The annual report provides an assessment of the agency's progress in addressing sexual abuse.

The facility provided the Nebraska Department of Correctional Services Annual PREA Assessment 2024. The report compares the following data from years 2014 through 2024.

2. Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, dated 7.31.2024
3. Schedule 92, Nebraska Department of Correctional Services, dated 12.12.2011

(a) The Nebraska Correctional Youth Facility PAQ states the agency ensures that incident-based and aggregate data are securely retained.

Nebraska Department of Correctional Services, Sexual Assault/Abuse Policy 203.11, page 34, section QQ., states, "The data collected shall be securely retained. All aggregated sexual assault/abuse data shall be made readily available to the public at least annually through the agency's website; all personal identifiers will be removed prior to making the information available to the public. The captain/PREA coordinator shall be responsible for collection and retention of said data. The facility provided a Schedule 92, Nebraska Department of Correctional Services demonstrating request for approval of records retention and a disposition schedule has been requested and documented.

(b) The Nebraska Correctional Youth Facility PAQ states agency policy requires that aggregated sexual abuse data from facilities under its direct control and private facilities with which it contracts be made readily available to the public at least annually through its website at <https://corrections.nebraska.gov/news-information/prison-rape-elimination-act>

(c/d) The Nebraska Correctional Youth Facility PAQ states before making aggregated sexual abuse data publicly available, the agency removes all personal identifiers.
